

MOST CELEBRATED MAN IN THE UNITED STATES

Senator Hanna Referred to in Eulogistic Terms
and Boomed as a Future
President.

CENTENNIAL COMES TO SUCCESSFUL CLOSE

Lisbon, June 19.—(Special).—Lisbon's centennial celebration was concluded last evening with a repetition of the grand vocal and instrumental concert given by a picked chorus of 70 voices and the Grand Army band at the opening of the centennial Tuesday evening. The concert was given in the tent and attracted a large audience, many of the centennial visitors having not yet left town.

All parts of the county were well represented yesterday among the 20,000 strangers in the city and helped to make the celebration the most notable in the history of the county. The people of Lisbon are entitled to great credit for their liberal hospitality and eminently successful management of the affair.

The big tent was crowded for the speaking yesterday afternoon and including those who occupied points of vantage outside the canvas at least 8,000 people heard the addresses. When Senator Hanna and General Anson G. McCook, who were to occupy places on the platform, arrived, they were greeted with hearty applause which continued until they were seated. The president, Colonel S. J. Firestone, called the assembly to order, after which the Grand Army band rendered a selection and prayer was offered by Rev. Frank Richards, of Zanesville, a former Lisbon man.

After a vocal solo by Mrs. Minnie Duck, former Congressman Taylor was presented and spoke briefly by way of opening the meeting, referring to the time remembered by the older residents of Lisbon, when Mark Hanna and "Duck" McCook were boys and the best of friends and bitterest of enemies, as boyish fancies go, being commanders-in-chief respectively of the "Sheep Hill" and the "Frog Pond" forces.

Mr. Taylor spoke of his attachment for the good old town of Lisbon which has been the growth of the nearly 30 years of his life that he has spent here. Colonel Firestone introduced Senator Hanna as "the most distinguished man in America," and the senator, greeted with a storm of applause, could not be heard until he had raised his hand for silence. Mr. Hanna said this celebration had revived many pleasant memories of the associations of his early youth and renewed within him a strong desire to see and know more of old Columbiana county and Center township during the remaining years of his life. He said the feeling that prompts one to return to his childhood home is one of the dearest and best impulses of the heart and is kindred to the love of mother.

During all the years of his separation, he said he has watched with interest the growth and prosperity of

NO VACANCY IN THE OFFICE

The Position of City Surgeon Was
Created a Number of
Years Ago.

DR. TAYLOR STILL FILLS IT

Since the resolution was passed by the board of public safety last week recommending that council create the office of surgeon to the police and fire departments, the question has been given much consideration and the opinion has been generally reached that the office is already in existence and that it has an incumbent. Dr. A. W. Taylor claims the honor of holding the position and declares that he will continue to serve in that capacity.

City Auditor Davidson investigated the minutes of the meeting at which Dr. Taylor was appointed surgeon and says that according to them he is undoubtedly the holder of the position. If the provisions of the code are adhered to and Dr. Taylor did receive the appointment as alleged, there is little use in worrying over the matter of creating the office. The code distinctly provides that no person in the employ of the city at the time the code became effective can be removed from office without reason.

Dr. Taylor states that he was appointed by council during the year 1896 and that he was presented with a badge which he now wears. It is beautifully engraved and of gold and the inscription, "Dr. W. J. Taylor, Surgeon to the Police and Firemen," adorns it. The doctor is very willing to attend to all of the duties incident to the position and will insist that his rights of holding the job be respected.

NO AGREEMENT BY THE JURY

Question of Guilt in the Jett-White
Case Too Much for
the 12 Men.

Jackson, Ky., June 19.—(Special).—The jury in the Jett-White case reported at 9 a. m. today that it was unable to agree and was discharged.

Judge Redwine transferred the cases to Cynthia for trial.

TEN MEN KILLED IN A COLLISION

An Illinois Central Passenger Train
And a Freight Crashed
Together.

Waterloo, Ia., June 19.—(Special).—Ten men were killed in a head-on collision between an Illinois Central passenger train and a freight train at Raymond, Ia., today.

Four trainmen, three tramps, two passengers and a mail clerk were killed and two persons seriously hurt.

Licensed to Wed.

Lisbon, June 19.—(Special).—Ellis E. George, East Liverpool, and Miss Lizzie May Robinson, Wellsville; John F. Irvin, Pittsburg, and Annie King, East Liverpool; J. C. Hannum, East Fairfield, and Mary Windle, Columbiana, have been licensed to marry.

INTEND TO BUILD FIRST CLASS LINE

Congo Street Railway Projectors
Propose to Make Prompt
Use of Their Charter.

IT WILL NOT BE SOLD

The company composed of C. A. Smith, W. L. Smith and J. E. McDonald, three of East Liverpool's foremost financiers, to whom the franchise to build and erect an electric street railway over the county road in Hancock county from First street in Chester to Congo, a distance of four miles, makes the statement, with strong emphasis, that it is the intention to accept the franchise, begin the work as soon as possible and have the line completed within the specified time.

The statement coming from these men directly leaves not even a shadow of doubt in the minds of the people as to the construction of the road. They have gained a reputation for veracity and when they make a positive assertion it is a foregone conclusion that they mean to do exactly what they promise. C. A. Smith said this morning that the company is going to build the road and that its patrons will have one of the best lines in the country for their use. When the work is started, and that will be at no distant date, a large force of men will be placed on its construction and it will be pushed to completion as speedily as possible. The roadbed is to be of the best, substantial material obtainable. It will be second to none in the country and the rails will be of the 70 pound T variety, conceded to have no peers. Every accessory to the line will be of the best and it will be a pleasure to the people to patronize it.

Since the county court at New Cumberland granted the franchise to the above named men it has been the recipient of numberless complimentary expressions. The court has had the question under advisement for two years and only conceded the request after careful and conservative consideration. It determined that the people of the county were desirous of having the road built and knew that it would be if C. A. Smith and his associates were given the privilege of building it.

Mr. Smith denies the truth of the report that the company will offer the franchise for sale. He pronounces the statement as being utterly false. He said this morning: "The franchise is not for sale and will not be. We are going to build that road and that before the time limit expires."

GROVER IS WITHOUT POLITICAL AMBITION

Knows of No Movement of Democratic
Leaders to Nominate
Him.

New York, June 19.—(Special).—Grover Cleveland, in an interview, says he has no political ambitions, and knows of no movement on the part of political leaders in any of the states to nominate him for the presidency.

Suit Against Landlord.

Lisbon, June 19.—(Special).—Joseph R. Wright has filed suit against J. O. and Eva A. Johnson, of Columbiana, asking judgment for \$323.42. He is a tenant of Johnson and the suit arises over a division of proceeds of the farm.

CAMERON COMMITTEEMAN

Senator Harding Puts in a Bid for the
Campaign Opening at Marion, But
Other Cities want the Honor—Plans
for Campaign Work.

From a Staff Correspondent

Columbus, June 19.—The Republican state central committee met at the Neil house, this city, yesterday afternoon and selected officers and members of the executive committee which will have charge of the fall campaign. Hon. I. B. Cameron, of Lisbon, who has already served one term on the committee, was again chosen a member.

Julius Whiting, of Canton, who represents the Eighteenth congressional district on the state central committee, was absent and had a proxy at the meeting in the person of T. Harvey Smith, of Massillon, ex-treasurer of Stark county. Another Eighteenth district man was continued on the committee, John H. Fitch, of Youngstown.

General Charles Dick was chosen chairman; John L. Malloy, secretary; and W. F. Burdell, treasurer. These gentlemen have held these positions for several years. The new committee will get together soon and arrange for the campaign opening and the establishment of headquarters.

THE DRUG LAWS ARE NOT ENFORCED

State Pharmacy Board Calls Attention
to Lax State of
Affairs.

Columbus, June 19.—(Special).—The annual report of the state board of pharmacy, filed with the governor, declares that no attempt is made to enforce the law forbidding the general distribution of samples of medicinal preparations, the law regulating the sale of cocaine and the general poison laws. It also reports that the use of narcotic drugs is alarmingly on the increase.

The governor is urgently solicited to recommend in his message to the general assembly that the enforcement of these laws be placed with the board.

SQUIRES ARE BUSY

The Marrying Justices Getting Nu-
merous Fees These
June Days.

'Squire Daniel McLane contends that he has reached first place among his contemporaries in the race for the large number of marriages during the summer. Just prior to his leaving for Lisbon to attend the centennial he married two couples, John Saltsman and Margaret E. Madden, both of Wellsville, and Elmer L. Grier, Pittsburg, and Miss Anna R. Malone, of this city. He states that he is engaged until the 25th of the present month and expects to get so far in the lead of the other justices that they will never be able to catch him.

'Squire H. P. McCarron, however, disputes his senior brother and yet maintains that he is far in the lead. He married another couple yesterday, the groom, George Walker, being from Carnegie and the bride, Miss Katherine Conroy, of this city.

EXCITING BATTLE IN THE BAD LANDS

Escaped Murderer Caught and Killed,
Officer Shot and a Man
Lynched.

Glasgow, Mont., June 19.—(Special).—A posse today overtook and killed William Hardee, an escaped murderer, in the Bad lands.

Charles Hill, one of the posse, was killed in the fight, and later Jack Brown, one of Hardee's companions, was captured and lynched by a mob.

Leaves All to Her Son.

Lisbon, June 19.—(Special).—The will of the late Mary A. Hogue, of Washington township, has been admitted to probate. She leaves all her estate to her son, James K. Hogue, who is named as executor.

THE SAFETY BOARD HAS NO QUARTERS

Its Members Feel Homeless and
Want Board of Public
Service to Act.

BILLS MUST BE APPROVED

Because they have "no regular place," the members of the board of public safety, at the meeting held last evening, appointed President Grafton and Mr. Dawson, a committee to confer with the board of public service this evening for the purpose of getting its members to provide them suitable quarters. The safety board has determined that it will be necessary for it to hold meetings every night for a few weeks and from past experience, knowing that it can meet in the council chamber only when some one else does not want to occupy it, the members think that they should be provided with a permanent abode. They will be satisfied with any location, but want it private, if possible.

One of the members approves of quarters in the fire station and two of them would not object to meeting in the third story of the city hall if it is made convenient. They would like, however, to have the board of public service erect the proposed addition to the city hall and give them one of the rooms. They realize that they should not be compelled to meet in a room open to the public, owing to the numerous documents of vital importance in their possession. When they get a room, they intend purchasing a substantial safe or desk, for the protection of the papers, etc.

There having been practically no headway made by the committee appointed to draft the rules for the board, it was decided that every member should take a part in the work and it is hoped by so doing the rules will be ready for council's acceptance in a very short time. For the purpose of compiling and drafting the board will hold a meeting next Tuesday evening and every night thereafter until the work is completed.

Mr. Dawson had a score of rules that he had written to govern the police department and read them to the board. No action was taken on them, and it was recommended that they be laid over for consideration at the next meeting. One of the rules requires a policeman to come within a range of 5 feet 5 inches and 6 feet 4 inches in height.

Mr. Ogilvie had given the resolution passed at a former meeting, asking council to create the office of surgeon for the police and fire departments considerable study, and moved that the resolution be reconsidered. There was a second to the motion and the question was deferred.

A number of bills were brought up for acceptance. A few of them were ordered paid, but when several were introduced without having an O. K. attached, a discussion arose and it was finally decided to order no bills paid unless they are accompanied with an order of one of the members of the board and the signature of the chief of the department to which the bill is sold. Mr. Ogilvie said that he wanted to leave his office with no shadow resting over the board as to the expenditure of money and the only way to bring it about is to have every bill itemized and passed through the channel as outlined above.

Silver Wedding.

The silver wedding anniversary of Mr. and Mrs. James Wright will be celebrated this evening at the home of the couple in the West End.

THE BOND ORDINANCE 'AND THE CITY TAX LEVY WILL COME UP TONIGHT

It Is Expected That Council Will Dispose Of
Both Matters—Some Cutting
May Be Done.

Council, as was announced, exclusively in the News Review on Wednesday, will hold a special meeting this evening. The purpose of the meeting is to pass an ordinance for the issuing of the bonds decided upon several weeks ago. It is also probable that the tax levy will be apportioned at this meeting. That the body will not accept in every particular the recommendations made by the several boards for the amount of money wished to run their respective departments for the fiscal year seems inevitable. The finance committee has found that if the wishes of the boards are granted there will not be sufficient money in several of the funds, especially the general fund, and it is said that the apportionment will be changed accordingly.

Auditor Davidson states that the

money from the county treasurer, expected to be in the hands of the city treasurer not later than today, has not arrived. He can assign no reason and is very anxious that the amount reach the treasurer by tomorrow. Whether or not the salaries of all the city officials can be paid out of the amount when it does arrive is a question that is bothering the auditor and treasurer at the present time. Though it is not accurately known it is thought that at least \$7,500 will be required to pay the city's employees and the auditor is not sure that the amount can be lawfully deducted from the money to be received from Lisbon. It is thought, however, that the matter will be arranged in a manner by which all can receive their salaries up to date. At least a strenuous effort will be made for that end.

HEARD BURGLARS IN THE HOUSE

TERROR IN A VINE STREET HOME
LAST NIGHT.

Thieves Climbed in At a Window, But
Were Frightened
Away.

An attempt was made to rob the house of W. H. Wells on Vine street last night, and though unmistakable evidence was found that the parties had been in the house, a careful search failed to locate them and nothing within was disturbed.

Mr. Wells was absent from home, attending a meeting in the lower part of town, and the lady members of the family were terror-stricken when they heard the burglars in the house. Neighbors were called and a search made, but the thieves had evidently been frightened away.

Entrance was gained by means of a window. The foot-prints were plainly visible on the window sill, and a blind was in their way. This was torn loose from its fastenings at the top. The blind was found lying on the floor, and had every indication of having been jerked away by force. Nothing was missing, and it is likely the thieves were frightened away in the nick of time.

SCOTTY BOWERS' WIFE IS GONE

Invokes Chief Wyman's Aid in Trying
to Find Her—Un-
successful Hunt.

John "Scotty" Bowers, the well known blacksmith, mourns deeply the departure of his wife. She left him a few days ago and made her home with some shantyboat residents until yesterday, when she left the city for Pittsburg. Scotty complained to Chief Wyman last evening that his wife was living with another man in the shantyboat district and asked the chief to accompany him to the boat in which he had been informed she was staying.

The chief did as requested, but could not find the deserter. It was learned that she had been in one of the boats and left for Pittsburg yesterday. Bowers stated this morning that he would allow her to come back if she so desires. He also stated that if he ever catches her with another man he will cause at least one death.

Fires Purposely Set.

The firemen have been given a great deal of trouble in the past few days by fires at the dumps on Sheridan avenue and at the west end of Fourth street. Wednesday the department was called out twice to extinguish these blazes, and there have been several other similar calls of late. People in the neighborhood of the dumps say they have been purposely set on fire, the object being to destroy the accumulation of garbage.

WITH THE WORKMEN IN THE CLAY PLANTS

ELECTRICITY FOR BRICKMAKING.

Edward Brock and H. A. Lewis, of Muskegon, Mich., claim to have discovered a method for manufacturing brick from sand and marl by electricity, says the Clay Record. Specimens of the new brick which have been sent to eastern parties have stood severe tests and are said to be tougher and stronger than any material now on the market.

The process of manufacture and the experiments which led up to the discovery as detailed by Mr. Brock are as follows: "In our laboratory we constructed an electric arc with special double terminals, using a high potential alternating current, our own idea, for this purpose. We then took common Lake Michigan sand and mixed it with a certain proportion of marl which is found in great quantities in Newaygo county, and especially in a lake at Fremont.

This mixture we forced through the arc and the enormous electrical current caused it to melt in an instant and flow in liquid form. The liquid was run into moulds prepared for the purpose, and when cold the substance formed a perfect brick for building or paving purposes which cannot, in our opinion, be equaled on the market at the present time. These brick closely resemble glass, but are not in the least brittle, even in extreme changes in temperature. The brick have also been tested severely with all kinds of traffic and weights, but have stood them without being damaged. One test was the laying of the brick along the railroad tracks where the vibration causes all other forms of paving brick to disintegrate."

PEORIA NOTES.

Peoria, Ill., June 19.—Local No. 27 held a very interesting meeting and elected the following officers for the next term: President, Robert Summers; vice president, Lon L. Fash; recording secretary, Walter J. McKeone; financial secretary, Raymond Shively; treasurer, R. Shelson; statistician, M. Fennell; inspector, Fred Green; 1st clerk, N. Hobin; inside guard, J. Miller; trustee, Lon L. Fash.

The pottery here is running about the same, the clay hands only working about half time, there still being a shortage of bisque kilnmen. The pottery will work up to the fourth, when it will shut down to put new boilers in. During this time the boys will camp at Mossville, about ten miles from here.

Brothers Harris and Walt Smith left for Evansville Sunday, they having received word from their brother Chess being hurt. He was wedged in with a freight car at the depot. The platform had to be sawed before they got him out. It is not known here yet how seriously he is hurt.

Alvin Huff, of East Liverpool, is working on the ghost and Brother Cullen, of the bisque, has gone on the police force.

Byron Fouts will spend the holidays at East Liverpool.

ENGLISH POTTERS DEPORTED.

A dispatch from New Castle, Pa. says: United States Immigrant Inspector V. F. Jankovsky left here to night (Thursday) for Ellis Island New York, with five English pottery workers he arrested here for violating the alien contract labor laws through coming here from England to work for the New Castle Pottery company. They are William P. Hall, Arthur Jackson, John Ball, Alfred Banks and Joseph Walklate. They were not unwilling to return home, as they said they made higher wages there.

KILNS STARTED.

The new Acme China company at Crooksville, O., has commenced work on its six kilns. The bricklaying is going along rapidly. All of the foundations for the buildings have been completed and the brick work has been started. The plant will be rushed to completion. Work will probably be turned out of this plant by September or October unless bad weather prevents the progress of the construction.

ANOTHER FISHING PARTY.

Beaver creek is becoming quite a favorite for local anglers and during the summer several parties will camp along its shores. Yesterday Tom and Will Weigwood, John and Sam Hancock and William Dewey, well known young operatives, established a camp and will spend several days fishing.

AMONG THE WORKMEN.

Thomas Wilson, decorator at the Globe, is visiting relatives in New York state.

The new local recently organized at Monaca by National President Duffy starts off with about 50 members. It is a mixed local and will be known as No. 70.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deep-seated. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickly by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

MOST CELEBRATED MAN IN THE UNITED STATES

Continued from First Page.

Lisbon and Columbiana county and noticed that the county always responded to duty in war or peace. This, the senator said, was his second visit to Lisbon in 30 years, his previous visit in that time having been made about 10 years ago, and his only regret was that prosperity had eliminated some of the old landmarks that are dear to his memory. In speaking of the growth of the town, he made reference to the depression that followed the failure of the Sankey and Beaver canal, "a tremendous undertaking, but not too great for the spirit and enterprise of the people of Lisbon," and how the town recovered from the blow and continued to prosper with a bright future.

He spoke of the sturdy sentiment of right, justice and liberty which animated the pioneers who were the early settlers here and told how these elements, contesting with everything antagonistic to them had produced men who made their influence felt. In conclusion he said it has been a great pleasure for him to stand before an audience from all parts of Columbiana county and as a greeting wished his hearers prosperity and success. He spoke of the proud record achieved by many Lisbon families and of the stimulus it gave to all her sons and daughters to do the duties of life bravely and well.

Gen. McCook was then introduced and gave a brief but interesting address in the nature of reminiscences. Gen. McCook was born in Lisbon and spent his early life here, served with distinction in the civil war, was thrice elected to congress on the Republican ticket, from a Democratic district in New York city, was secretary of the senate many years and served in various other official capacities. In his speech he referred pathetically to the fact that he had come to Lisbon to see the present generation and meet the comrades of his youth, probably for the last time. Among the numerous interesting incidents he related, Gen. McCook told of the reception here of the news of American triumph along the Rio Grande during the Mexican war. The news was carried to Wellsville by boat from Pittsburgh and from Wellsville to the county capital by courier. That night, he said, the band came out and serenaded a number of citizens, among them his father, Dr. John McCook, who responded with a brief speech. He also told of the Polydelphian debating society of New Lisbon, organized among the youths of the village, and of which both he and Senator Hanna were members. This society contributed in the course of time three general officers to the army, two to the navy, several governors of states and territories and

others prominent in the various walks of life.

In conclusion Gen. McCook said that he had known Senator Hanna both as boy and man and said he was "always square" and that he believed there were many of his fellow citizens, notwithstanding the action of the recent Ohio Republican convention, who thought he would be a worthy successor to McKinley. His utterance was loudly cheered. This concluded the speech-making and Senator Hanna and General McCook left on the afternoon train.

The audience that assembled in the tent last evening was thoroughly appreciative of the splendid musical program that was rendered. The Grand Army band was encored again and again. This organization has been one of the best features of the celebration and was heartily appreciated. After the concert the band gave George H. Huston, musical director of the chorus, a pleasant surprise by tendering him a serenade at his home on East Walnut street. Director Reinkendorf and his musicians returned to Canton this morning.

Among those in attendance at the centennial was Anson Ewing, of Ft. Worth, Texas, who came 1,500 miles and John Robinson, a New York city manufacturer, who was formerly secretary of the New Lisbon woolen mills company.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative effects, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

EAST END

IMPROVEMENT WORK HAS BEEN RESUMED

Large Force of Men Started Again This Morning on C. & P. Double Tracking.

Work on the double tracking through the East End was resumed this morning after a suspension of several weeks. Quite a large force of Italian workmen came in this morning on a special car and were soon at work unloading a number of cars of stone, which will be used on the new culverts. The additional track has been laid from the Klondike pottery almost to Mulberry street, but has not been ballasted or leveled up. The work will be taken up at once, as the track is badly needed for switching purposes. The work of widening the culverts at Ralston's crossing and the Klondike pottery is going steadily forward, but the undertaking will not be completed before the end of the summer. These culverts are being made wide enough for three tracks and the stone foundations are almost a marvel in masonry.

CHILDREN'S DAY WILL BE ENJOYED

Little Ones Are Preparing an Excellent Program for Next Sunday Night.

Next Sunday will be given over to the children at the Erie street M. E. church, and the services promise more than usual interest. The children, under the direction of the Sunday school teachers and Rev. G. W. Orcutt and wife, are working diligently to make the observance of the Sabbath set apart for them interesting and instructive to the older members of the congregation.

The program adopted for the exercises is "School Days, Old and New," being appropriate to the bi-centennial of John Wesley, and will illustrate the difference between the school days of then and now. Special music will be another interesting feature of the evening.

At the morning service Rev. Mr. Orcutt will preach a special sermon to the little ones.

WELL CARED FOR

The Occupants of Quarantined House Are Not Suffering from Lack of Attention.

Sanitary Policeman Burgess was a visitor to the Klondike this morning as the emissary of the board of health, to look into the condition of the Stewart family, under the quarantine since the first of the week. He found the stricken ones doing as well as could be expected under the circumstances and all of them have excellent chances of recovery. John Stewart, the head of the family, who was worse yesterday, has shown an improvement.

The family is well provided for and will not suffer in any way from the enforced confinement. No danger is anticipated of the disease being spread in the community.

Worked Upon the Quilt.

Mrs. D. W. McQuiston, of Pennsylvania avenue, entertained the Ladies' Missionary society of the Second United Presbyterian church yesterday afternoon and a most delightful time was enjoyed by all. The ladies were at work on the quilt, which they will present to Rev. H. C. Chambers before his departure for India to become a missionary. Several hours were spent in this way and in the enjoyment of social chat. Elegant refreshments were served.

Bobby Was Captured.

Bobby, the truant parrot, returned to the fire station yesterday afternoon, a prisoner in the hands of a small boy, who had climbed a tree in the orchard along St. George street to capture him. Bobby was glad to get home, but Captain Terrence will take no chances on a repetition of the occurrence and has clipped his wings.

An Enjoyable Social.

The ladies of the Erie street M. E. church spent a most enjoyable evening yesterday at the home of Mrs. Isabella Jones, of Dry Run, who entertained for the Ladies' Aid society. The meeting of the society was a very profitable one and several important matters were discussed. A tempting luncheon was served.

BRILLIANT RECORD OF A NEWS-PAPER MAN.

The success which has attended William E. Curtis, the famous correspondent of the Chicago Record-Herald, is rarely attained by newspaper writers. Beginning his career in Chicago in 1872 as reporter he rapidly rose to the position of managing editor. He resigned that position on receiving a government appointment as secretary of the South American commission. Mr. Curtis traveled extensively in Central and South America while in this position, producing several popular volumes as the result of his literary labors. Afterward co-operating with Secretary of State James G. Blaine, Mr. Curtis organized the work of the bureau of American republics, with the result that he was placed in charge of that organization, and at the World's Columbian Exposition he distinguished himself by his labors as the executive head of the Latin-American department. As correspondent of the Chicago Record-Herald Mr. Curtis' travels have carried him into every section of the United States as well as into all quarters of the globe. His China and Japan letters were published in book form; likewise his letters from England, Germany and France, as well as those written during his travels in Mexico and South America.

No newspaper correspondent possesses the facility shown by Mr. Curtis in writing on any of the diversified subjects embraced in his correspondence and making it luminous. Nor is any correspondent followed so closely year after year by the thousands of readers of the Chicago Record-Herald. On his recent trip to the Holy Land Mr. Curtis' letters have been read more closely than ever and his descriptions of that interesting section of the globe as it appears today have been quoted everywhere. A daily letter from Mr. Curtis appears in the Chicago Record-Herald. To wear a Knox straw hat you wear the best. Joseph Bros. sell them.

GREAT AMERICAN NOVEL

"Under Mad Anthony's Banner" a New Work of Excellent Character.

A stalwart American novel by a typical American author. If entertainment, stirring action, splendidly drawn characters are what people desire, then there is not an American novel reader but will lose if he overlooks Dr. J. B. Naylor's latest work. Those who have any knowledge of the author through his previous successes, either in the field of prose or poetry, will pick the book up because it bears the name of the Buckeye story teller—in itself a guarantee of readability. The same intensity of interest is shown here that made "The Sign of the Prophet" and "In the Days of St. Clair" so popular; the same thorough preparation and hard study. Dr. Naylor knows his subject down to the minutest detail; few writers have made such a careful study of the early history of the northwest.

When Cincinnati was but a handful of huts and Ohio merely a vague portion of what was known as the Northwest Territory, when all north and west of the Miami river was the Indian's country—unbroken forests that contained hideous dangers for the white man; Hal Borton, English refugee and American pioneer, cast his lot among the few brave enough to dare the constant perils of frontier life along the Ohio—and it is here the story opens. The plot is compatible with its environment in every way and the adventures of Hal as an Indian scout are of breathless interest.

Through all the story is a tender romance pure and wholesome. There are many varied and representative characters introduced, both historical and fictitious.

In all, "Under Mad Anthony's Banner" is one of the best among the stories that have found their setting in this period of the history.

Those who are easily exhausted seem to have no strength, ambition, who feel drabby, tired all the time will find in Hake's "Cordial" of Cod Liver Oil, a bracing, revitalizing tonic that will build vim and vigor promptly. Contains all the good of cod liver without the grease.

ALWAYS CAUSES

DISSATISFACTION

The Itinerant Advertising Man Not the One Whom Merchants Should Patronize.

Speaking of the advertising scheme lately worked in this city by strangers, who made a dicker with a local paper to publish their writings and accept small amounts where they could not get larger ones, causing much dissatisfaction, the Salem News says:

"The scheme referred to is an old one, and one that never fails to result in dissatisfaction to the advertiser. It is worked by itinerants who have no permanent interests anywhere. They drop into a town and where more than one newspaper is published, secure the use of the columns of the one which will best serve their purpose, and with which they can succeed in making the best terms. Then they proceed to victimize both the advertiser and the newspaper. They make false or exaggerated representations to the advertiser, and the newspaper which is made oftentimes an innocent medium of these misrepresentations must suffer along with the advertiser, because the scheme directly affects its everyday business.

"These itinerant advertising schemers have for some time given Salem a wide berth. Two or three years since the Salem merchants formed an agreement to patronize no advertising scheme, not even the program, but to use practically no other medium for advertising than the newspapers, as that was conceded by all as the best and most reliable. Since the formation of the Business association, which embraces nearly all the advertisers of the city, the action referred to has proven so satisfactory that a provision was incorporated in their constitution which prohibits any member from going into any advertising scheme without the approval of the officers of the association. This provision will prove an eminently good one, and will practically cut out of Salem any unworthy advertising scheme. The disposition of the new association will be to use practically no other medium for the general advertising of their business than the local newspapers, whose interests are identical with their own. In this action and tendency they display wisdom; for the advertising done, directly and in a legitimate way, with the home newspaper publisher has stood the test of time, and is universally acknowledged, by the largest and best advertisers, as the sort which invariably brings the best returns."

Crockery vs. Carroll.

SIMPLE WAY TO CURE DYSPESIA

"Take a Mi-o-na Tablet After Each Meal," Says Druggist Will Reed.

With Mi-o-na there is no bother of guessing at the dose or using so many spoonfuls or anything of that kind. This valuable remedy for the cure of dyspepsia is in tablet form and is the simplest way to cure the disease.

"Just take one Mi-o-na after each meal," says Druggist Will Reed, "and in a few days you will find digestion improved, health returning, and good, solid flesh added." This remarkable remedy is not a mere digestive; it mingles with the food, and is readily assimilated by the system. It aids digestion and regulates and strengthens the whole digestive tract, so that after its use for a short time health and natural action is restored to the stomach and bowels.

Mi-o-na may properly be termed a flesh-forming food, as when it is used every part of the body fills out with solid flesh and all the outlines become beautiful and symmetrical.

Mi-o-na is not an ordinary pepsin preparation to simply aid digestion, weakening the organs, but it is a scientific remedy that gives health and strength, firm muscles and pure blood. No one runs the slightest risk in purchasing it, for Druggist Will Reed will give his personal guarantee with every package he sells to refund the money if it does not cure.

The Colombian congress will convene tomorrow to take up the Panama canal treaty.

No one can tell as yet how a majority of the members feel as to the treaty.

There are two elements working in opposition. The first of these is the transcontinental railways of the United States, who wish the treaty defeated, that the construction of the canal may be postponed indefinitely.

They know that it will mean cheaper freight rates to the Pacific coast. The second is the representatives of certain European governments, which do not wish the canal built by the United States, as it would give us greater influence on the isthmus and the countries of South America than we now possess; and we may be certain that plans are already laid for extending the European colonial system to the backward and non-pro-

gressive republics there. But if they succeed with Colombia, they hardly can do so with Nicaragua and Costa Rica; and if we do not build the canal across Panama, we certainly will across Nicaragua.

Wanted—a city building. If all the new boards and city officials should take a notion to hold meetings on the same evening, city hall would not half accommodate them. However, until the administration has succeeded in getting the city out of financial quagmires and establishing a surplus in the treasury it will be necessary to worry along with present quarters.

The ladies of the Civic Improvement League, of Steubenville, are doing good work for that city in encouraging the property holders to beautify their homes and their surroundings and to abolish unsightly objects. There is plenty of work ahead for any similar organization in East Liverpool which has the courage to undertake it.

Over in Pennsylvania they are putting men in jail for using croton oil to preserve milk that is furnished to babies, invalids and families. Jail is too good a place for such men; something humorous with boiling oil in it would be about the proper punishment.

Columbiana county has received a good deal of favorable mention in the newspapers during the past week. Some of the home folks have also learned facts in local history which makes them walk a little more proudly.

The contemplated strike in the anthracite regions has been staved off. Another feather in John Mitchell's cap.

The new administration in Serbia is said to have the favor of Russia. It may prove an embarrassment rather than a help.

The unanimous verdict appears to be that Lisbon covered herself with glory.

East Liverpool is again demonstrating that she can play ball.

He does this for the purpose of advertising Dr. Cooper's New Discovery, the greatest and best blood purifier the world has ever known. Colonel Cooper's method of advertising is costly, but free. His entertainments are given without money and without price.

Mr. and Mrs. William Price have departed for Carroll county, where they will visit for some time.

Harry D. Arnold, who has been ill at his home for some time, suffering from typhoid fever, has recovered and is able to be out.

Miss Catherine White left this morning for Mechanicsville, where she will be a guest at the home of Mr. and Mrs. A. E. Stevenson.

J. I. Ichenberger and wife are guests at the home of Mr. and Mrs. J. C. Douglass, of West Market street. They reside at Clifton, Pa., and will spend several days in this city.

Mrs. M. K. Zimmerman and little daughter, accompanied by Mrs. John Kelly, have returned to their home in Columbus, after a visit with Mrs. Zimmerman's mother, Mrs. S. E. House, in this city.

William Rinehart, who has been a resident of this city for some time, left this morning for Marietta, where he will start in business. Mr. Rinehart had both his legs so badly mangled in a railway accident at Rochester two years ago that they had to be amputated.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Hubbard, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with."

Young Bros' new styles in straw hats came in this week. All the new eastern fads in sennet, Mackinaw and split brads. Price, \$3 and \$3.50.

OBITUARY

John L. Penn.

John L. Penn, a well known young colored man, aged 17 years, died at 4 o'clock this morning at the home of his mother on High street, East End. The funeral arrangements have not been definitely decided upon, but it is probable that Rev. J. H. Mason, of the A. M. E. church, will conduct the services at the home tomorrow afternoon at 2 o'clock. The interment will be made in Riverview cemetery. The young man was taken ill almost two months ago with typhoid fever, which resulted in his death. His mother, Mrs. Lou Dickinson, and several brothers and sisters survive.

PEONAGE SYSTEM IN GEORGIA

Practical Slavery Still Exists—Enforced Servitude for Debt.

Macon, Ga., June 19.—United States Court Judge Emory Speer, in his charge to the federal grand jury, sprung a surprise. He called attention to the fact that he had been charged that a system of peonage had existed in certain parts of the southern districts of Georgia. He quoted from the constitution of Georgia, which says "there shall be no imprisonment for debt," and said that the constitution of the United States provides that neither slavery nor involuntary servitude, except as a punishment for crime whereof the party shall have been duly convicted, shall exist in the United States or any place subject to its jurisdiction.

He called the attention of the jury to a case presented to him where an employee left an employer and engaged with another, and the first employer and others armed themselves, took the employee while at work, tied him, carried him back to his former employer's place, whipped him, forced him to work, and he is now being held practically in servitude. He charged the jury to make diligent inquiry and if it found the statement true it should return an indictment against the guilty parties.

Africander Won Suburban Handicap.

New York, June 19.—For the first time in the score of years of its history the suburban handicap, greatest of American turf events, was won by a 3-year-old. Africander, swift and game son of Star Ruby-Afric Queen, finished first in a splendid field of 15 to 13 of which he was given weight. Charles Dwyer and Simeon Delmel, proprietors of the Hampton stable, in whose colors Africander ran, won \$16,690 in the stake and made a generous present to Little Fuller, the New Orleans graduated jockey, who piloted the horse to a stirring victory. They had also backed the horse at 100 to 1 in the winter betting, driving his odds to 50 to 1. Thirty thousand persons saw the race and few bet on the winner.

Fitzsimmons Announces Engagement

Chicago, June 19.—Robert Fitzsimmons, the well-known prize fighter, announced that he is engaged to marry Miss Julia Gifford, a singer connected with a theatrical company playing at a local theater. Miss Gifford admitted the engagement, but said there would be no wedding "for a year or so."

Big Attachment Filed.

Boston, June 19.—An attachment for \$50,000.000 was filed in the United States circuit court against the General Electric company by counsel for S. F. Vanchoate, of this city, who alleges infringement of a number of inventions. The attachment is filed in connection with a suit for damages entered by counsel for Mr. Van Choate

SUIT TO QUIET TITLE

To Land in Salem Wanted as a Parochial School Site.

Lisbon, June 19.—(Special.)—Suit was filed here today by Lucinda Cyrus and Arthur C. Yengling, of Salem, against John Spencer, Homer Silver, Albert Kirtland, Frank Brainard and a long list of other heirs of Thomas Spencer, deceased, to quiet the title to lots 633 and 634 in Appraisers' addition to Salem.

The plaintiff, Mrs. Cyrus, alleges that she is the owner and is in actual possession of one lot and Dr. Yengling sets up a like claim about the other. The defendants hold that certain parts of these lots were not conveyed to the plaintiffs, and that the estate of Thomas Spencer was never properly divested of the title. The plaintiffs say none of the defendants have any claim on the premises and that their contentions are unfounded. The land is wanted for a parochial school site.

ARRESTED OFTEN

Harry Clutter in Jail for the Third Time in Three Weeks.

Harry Clutter, of Wellsville, is establishing quite a police record in this city. Two weeks ago he was arrested and fined for being drunk after he had escaped this city from Wellsville, where he had beaten his wife; 10 days ago he was arrested on a charge of stealing \$25 from a friend, and last evening he was taken into custody by Officer Sautsberry, who charged him with pointing fire arms and acting in a disorderly manner.

When arraigned this morning he pleaded not guilty and he was remanded to jail. He will be given a hearing this evening.

WELLSVILLE

GOOD SAMARITAN ACT

Attempted By A Wellsville Man With Results That Were Unprofitable.

J. P. Arnold, of Wellsville, has learned during the last three or four days that it does not pay to become too intimate with strangers. About a month ago a man giving his name as L. D. Shifford struck this city and obtained a position as brakeman on the C. & P. railroad. Mr. Arnold is also a brakeman on this road.

Arnold was the first man Shifford met, and the latter put up a hard luck story, asking Arnold to go his security for a month's board and lodging. Here was a chance for Arnold to be the good Samaritan and he did not let the opportunity pass. He took Shifford to his boarding place, H. C. Shaffer's restaurant, in the West End, and told the proprietor to board the man for a month. Mr. Shaffer said he would, as he knew Arnold to be square. Shifford was always on hand when it was meal time. When pay day came he went to the pay car, got his money and quit his job. For the month his board bill amounted to \$23.65. After securing his money, it is said, he refused to pay the bill. He has found a new hotel and is paying cash. Mr. Arnold is greatly displeased.

CROWDS WENT TO LISBON

Centennial Attractions Caused Wellsville to Be Almost Deserted.

The streets of Wellsville were literally deserted all day yesterday. In the early morning strings of rigs were flying in the direction of Lisbon, where the occupants enjoyed a day seeing the sights at the centennial.

Most of the city officials took a day off and drove over to see the midway, the big shows and the many other attractions. Before 9 a. m. every livery barn had every rig gone and could have used double the number let for the day. Many were obliged to go by the railroad on account of the insufficiency of rigs.

The sightseers returned home late in the evening, very tired, but reported a fine time.

CELEBRATION OF THE 4TH

Another Mass Meeting to Be Held Tonight to Boom the Project.

Another mass meeting will be held tonight in the city hall to make further plans for a Fourth of July celebration in this city. The soliciting committee, consisting of eight members, will report the amount already collected. Mayor Fogo will act as chairman and is very anxious that there be a large attendance.

Committees on speakers, sports and reception will be appointed. Other business pertaining to the celebration will also be transacted. Several hundred invitations have been sent out and a large crowd is expected.

Supper And Entertainment.

The ladies of the A. M. E. church gave a supper and an entertainment in the city hall last evening. The supper from 4 to 7:30 was one of the very finest. After the feast a program of reading, recitations and music was rendered. Rev. Mr. Upshaw, the hard-working pastor, also addressed the audience. After the last number on the program another light lunch was served. A neat sum was realized which will be added to the church treasury.

Thrown Upon Bricks.

EXCURSIONIST FELL FROM ROLLER COASTER

TOOK AN AWFUL PLUNGE AND WAS BADLY HURT.

Peter Hillar, One of the Carnegie Crowd, Was Badly Bruised And Had Arms Broken.

Peter Hillar, one of the excursionists who visited Rock Springs yesterday, was the victim of the second bad accident of the day, and he may die from the effects of his injuries. Hillar, who is a resident of George's Creek, near Carnegie, was riding on the roller coaster at about 4 o'clock in the afternoon when he lost his balance as the car reached the highest point and while it was rounding one of the sharp turns. He pitched headlong to the ground, a distance of fully 40 feet, and that he was not killed outright is nothing short of miraculous. It was his own carelessness that was to blame.

Hillar was lifted from the ground in an unconscious condition and carried to a convenient spot a short distance away, where the doctors who had been summoned were awaited. Drs. Francis R. Harrison and Donahoe responded, and when they arrived advised that the injured man be taken to the office of the latter on Carolina avenue. Here it was discovered that both arms were broken, his body badly bruised and that there might be internal injuries.

Other doctors were called in and the man's injuries attended to. It was impossible to tell at that early time whether or not Hillar had sustained internal injuries. He was made as comfortable as possible until the departure of the excursion train at about 7 o'clock. The man suffered great pain, and while being carried to the physician's office by J. E. Berkhimer and Joseph Turley, of East Liverpool, he begged the men to lay him down, as he was sure he would die before they reached their destination.

As soon as the building is completed all the equipment will be moved there, and the employees instructed in the matter of using it. The apparatus will consist of three 18 gallon machines, and another with a capacity of 40 gallons. To these is attached 700 feet of 2 1/2 inch hose of the very best make. The hose is sufficiently long to afford fire protection to the remotest end of the park. The whole equipment will cost \$1,200.

MAY LOSE HIS ARM

An Italian Workman at the Mill Badly Cut By a Sheet of Tin.

Mike Constantino, an Italian employed in the dusting department of the Chester tin mill, may lose his left arm as the result of a cut received this morning at 10 o'clock. He was working about the apparatus as usual, and had gone about the work in the ordinary way, but in some manner a sheet of tin became disarranged, and his arm was badly cut.

He was taken to the office of Dr. Donahoe, and assistance in the person of Dr. G. E. Lewis summoned, but the latter was too busy to respond, and a doctor from East Liverpool was sent for. It is not known at this time whether or not amputation will be necessary.

An excursion made up from all the Lutheran congregations of Wheeling arrived at the park at 11:30 this morning. There was but one section of nine coaches in the train, and it is estimated that 600 people are present.

Tonight a special will be run from New Cumberland, and the party will dance for a few hours. A boat excursion will be run from Shippingport, this evening, and the crowds will be transported in a barge appropriately fitted up for the occasion. The people from the Pennsylvania town will also dance throughout the evening.

STEPPED FROM MOVING CAR

A Carnegie Excursionist Badly Hurt on the Pavement By His Carelessness.

John Watson, one of the Carnegie excursionists, went to East Liverpool yesterday afternoon and after consuming enough of the Crockery City brand of booze to make him foolish, boarded a car for the park. When he reached a point on Carolina avenue near the John Marshall confectionery he concluded to stop off. Without waiting for the motorman to slacken the speed of the car, Watson reached for the pavement with one of his feet.

The effort fell short a few inches, but as he had let go with his hands, there was nothing left for him to do but make the best of it. He fell headlong on the paved street, and almost before he could be lifted from the ground one of his eyes was completely closed and the skin was scraped from the whole side of his face. He bled profusely and swore loudly. A physician who happened to be near dressed the wounds and Watson disappeared

FIRE DEPARTMENT

For the Protection of Rock Springs Park Buildings to Be Established.

Carpenters started to work this morning on the erection of a hose house at the park. The building will be located on the level space on the walk leading from the entrance to the summer theatre, and midway between. The structure will be amply large to accommodate all the fire apparatus owned by the park management.

As soon as the building is completed all the equipment will be moved there, and the employees instructed in the matter of using it. The apparatus will consist of three 18 gallon machines, and another with a capacity of 40 gallons. To these is attached 700 feet of 2 1/2 inch hose of the very best make. ter Presbyterian congregation will meet this evening at the office of Squire A. G. Pugh. The purpose of the meeting is to look over the plans and specifications with a view to letting the contract for the building in the very near future. Another lot has been purchased adjoining the present site on Indiana avenue, and on it the parsonage will be built. The board has not yet formed definite plans for the parsonage building, but will likely do so soon. The contractors will be asked for bids within a few days, provided the plans are satisfactory.

Excellent Performance.

The vaudeville performance being given this week at the summer theatre is one of the very best ever seen anywhere. Manager Strauss has once more demonstrated his ability to select precisely the proper thing to please the people. Good crowds have been attending throughout the week, that at the matinee yesterday afternoon being particularly large and appreciative. The interesting and exceedingly well balanced attraction is headed by the renowned Peter Baker, Dutch comedian, and includes a number of the best vaudeville artists in the business.

CHESTER NOTES.

Finishing touches are being put to the handsome railing about the boxes at the summer theatre.

A daughter was born this morning to Mr. and Mrs. Edward Bennett, who reside near the Second street bridge.

The Chester Hardware company is moving its equipment to the new Mercer building on Virginia avenue, and will be ready for business by tomorrow. The company is one of the most successful and enterprising in the town of Chester.

Jake Wagner, of Carnegie, one of the picknickers, claiming to be a brother of the famous Hans Wagner, of base ball fame, fell from the railroad culvert opposite the park entrance last night, and escaped without a scratch. The distance was 25 feet and the fact that he was not badly hurt can be attributed to the fact that his friends say he was intoxicated.

Among the vaudeville artists who will be at the park theatre next week is an old time favorite with East Liverpool people, in the person of Eddie Doyle, the juggler.

The paving of the sidewalk in front of the establishment of N. S. Hood has been completed, and is a handsome piece of work.

Born, to Mr. and Mrs. J. C. Hawkins, of the Narrows, a daughter.

Levi Gardner, one of the substantial citizens of New Cumberland, is the guest of his daughter, Mrs. E. C. Baxter, of Adolphus street. Mr. Gardner and his daughter will leave tomorrow for Millersburg, Ohio, where they will visit Mrs. Charles Burns, another daughter.

A Great Crowd Witnessed the Exciting Contest at West End Park.

GREAT WORK OF PITCHERS

Visitors Were Shut Out Until the Eighth Inning When They Made Two Runs—Final Score Stood 3 to 2 in East Liverpool's Favor.

From 5:15 until the last one of them rolled into bed last night the dukes of Wellsville fandom chewed over again and again the same old story. The pride of their hearts had lost once more to Capt. Reark's aggregation—this time by a score of 3 to 2 in a game just a few points swifter than on the day previous.

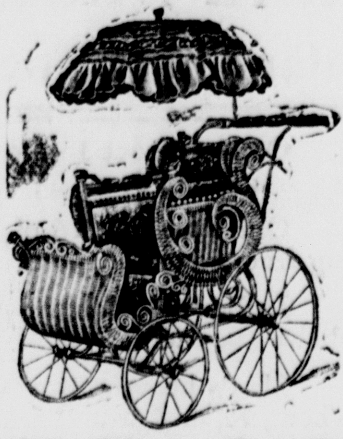

Threatening elements had a noticeable effect on the attendance, but at that there were at least 1,000 witnesses to the performance, that is, when to the 425 paid spectators are added 300 extras on the inside and as many more patrons of the box cars and the hill side at the west of the park. The crowd from Wellsville was not so big as that which accompanied the local boys to the sister city, but McGregors' lads have quite a few admirers in the Crockery City and they were not exactly strangers in a strange land.

The game in a few words might be termed a "pitchers' battle," both twirlers making the effort of their lives, and doing great work. Ehman for Wellsville gave the locals but five hits and the visitors were treated to but six by "Lanky" Morgan Winters. Had they both received perfect support the score would have been 2 to 0. Had the right thing been done by Morg the result would have been nothing else. No man ever exerted himself more and after coming out of the battle with 10 strikeouts and only six hits marked against him, the visitors should have left the field cackling over a big goose egg.

The runs scored by the locals were made at intervals. The first one was in the second inning. Youngson went down after being cracked on the cranium by a hard one. He advanced to third on some clever base running and when Brown landed a pretty hit he made a desperate chance to get home but was thrown out at the plate by Maag. Reark walked. Emmerling flew out to Murphy and Brown scored on the throw-in.

In the next inning Wallace covered himself with glory, and also won the game. Everyone expects him to do something phenomenal when he strides forward with his trusty in his hand, and it is seldom that they are disappointed. Stevenson and Emmerling had gone out in rapid succession and the spirits of the fans were soaring up pretty high, when the hero stalked to the batter's box.

No one ever walked with an air more unassuming. He did it as a matter of duty and stood firmly at his post of duty. As is his custom, he

pounced upon the first one delivered—a crack, like that of a pistol shot, was heard, and immediately the little sphere was soaring far out over the diamond. While it was on the dead run Wallace was putting in his best flicks and before the ball reached the catcher's mit he chased over the plate, with a clean home run to his credit and with the knowledge that he had stepped one notch higher in the base ball world. The next and last run was scored by Chambers, the man who belted the ball so unmercifully at Wellsville. He placed a pretty two bagger and finally scored on a hit by Reark.

The visitors were compelled to stomach a shut-out every inning until 5 o'clock. In the eighth they got their all and for a moment it looked as if the score might be tied. Ehman singled and was out at second from Gibson. Maag got first on the play and Murphy reached the initial plate through an error made by Gibson, who threw a wild one to Wallace. Hamilton came near saving the day when he belted out a two bagger, scoring both Maag and Murphy.

There being but one out, the locals began to feel a little uneasy, but Hamilton could not reach farther than third. Webb went down on fielders' choice, and "Big Heckathorn," who made a long three bagger the last time up, fanned the wind three straight times. Sperry then had no more gumption than to pop one in the vicinity of the left field. That settled the hash of the visitors and once more their fondest anticipation was thwarted. The score:

Hollenden vs. Belmont.
One of the most interesting games of base ball which will be played at Rock Springs grounds during the entire season is that scheduled to come off next Tuesday evening. The strong Hollenden team will be pitted against the equally formidable Belmont club. There is a strong rivalry between the two aggregations, and the game will be for blood from beginning to end.

SPORTING MISCELLANY.
Larry Maley, the local twirler, has returned from a visit to Fairmont.

Old Eagle Eye Beckley is back at first again for the Reds after a boiling

out at Mt. Clemens. He is now as spry as a two-year-old.

The wise betters are figuring Judge Himes to win the American derby.

McGraw's bad knee collapsed in practice the other day and he will not play again this year, perhaps never again.

Buck Washer, who was here with the Wheeling team, seems to have dropped out of sight in the Central league.

Pittsburg made it 12 straight yesterday, while New York, with the great Matthewson in the box, failed to score against Chicago.

In the Chicago-New York American league game Wednesday both teams made but five hits. Wolf, for New York, let Chicago down with only one safety.

Rube Waddell has fooled them all this year. The erstwhile erratic twirler is doing consistent work and has a better record of wins than Christy Matthewson, the premier of the National organization.

NERVOUS DYSPEPSIA
ITS CAUSE AND CURE

Overwork any organ and it gives out—the stomach is no exception. Ask it to digest anything, everything, at any time in half the time required, and like an over driven horse, it balks. Nature intended the stomach should have regular hours. A time to work, a time to rest—and when you break up this habit, you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—there heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills it's cure.

Mrs. William Spawort, of No. 18 Mill street, Youngstown, Ohio, says: "Dr. A. W. Chase's Nerve Pills are a fine medicine for nervous dyspepsia. My stomach was all upset and would digest nothing. I got some of the Nerve Pills and they acted finely—my stomach, appetite and digestion got right again and an old malarial tendency disappeared completely. I feel right well again in every way and am glad to say so."

JURY FAILS TO AGREE

Result of Verdict Awaited With Suspense by Citizens of Jackson.

HOPE OF CONVICTION GIVEN UP

Trouble Expected When Troops Are Withdrawn—Business Practically Suspended—Gloomy Outlook for the Future.

Jackson Ky., June 19.—As expected here, the jury in the case of Curtis Jett and Thomas White, charged with the murder of J. B. Marcum, has been unable to agree on a verdict. The case has been in the hands of the jury all afternoon and it is stated that at least two jurors are holding out for conviction, while the others are divided, most of them favoring acquittal. The jurors went to bed early and will report some time during the morning. During this suspense there has been intense anxiety about the court house and throughout the town in discussing what might follow a verdict either of guilty or of acquittal or of a compromise on imprisonment. The indications are that the jury finally will report that it has disagreed and ask to be discharged. All hope of conviction seemed to be given up. It is not expected that the prosecution for the murder of Marcum and others will stop with this jury. Although court has been in session some weeks at great expense to the county and also to the commonwealth, on account of the troops, it is believed that State Inspector Hines will make such a report to the governor as will secure other trials under different conditions. It is not likely that the county will soon find another such witness as B. J. Ewen, who has removed to Lexington, or another such prosecutor as Commonwealth's Attorney Byrd who expects to locate at Winchester, Ky. There are some who even expect more serious trouble when the troops shall be withdrawn.

Troops Doing Police Duty.
Business is practically suspended, with crowds about the town everywhere and considerable carousing, although the provost marshal, with troops doing police duty, is attempting to keep the "blind tigers" closed. The reign of terror still continues with all sorts of apprehension as to the future and no hope of any convictions under the present official conditions.

The members of the Hargis faction were almost jubilant over the official reports from the jury room. It was claimed confidentially that 10 of the jurors were firmly for acquittal and that the other two would be induced to join them in a verdict of acquittal. It is mentioned that all the men brought in for the panel from which the jurors were selected were brought in by deputies or elisors who are connected with the dominant faction and that they can be depended on for the result that is now anticipated.

Judge Did Not Expect Verdict.
After the jury reported no agreement and was instructed by Judge Redwine to continue its deliberations, he stated that he had never expected a verdict on the first night and that he will hold the jury in its deliberations at least until Saturday, unless a verdict shall be rendered before that time. While a verdict is not generally expected, the course of the jury in occupying so much time may not be taken as a positive indication of no agreement. In mountain counties, in important cases, it is a custom of juries to deliberate at length probably to lend weight to their verdict. After the jurors had gone to bed officers of the military camp and visiting newspaper correspondents, who at most outnumber the officers, were entertained at a banquet by Joseph Head, Jr., cashier of a local bank.

The jury spent the night at the

Large Attendance at Saengerfest.
St. Louis, June 19.—The success of the opening night served to increase the attendance at the second concert of the national saengerfest, and the massive structure was filled, the seating capacity being 15,000. The national male chorus of 5,000 voices, which has been in training in various cities for months under saengerfest instructors, contributed the numbers assisted by the orchestra of 200 pieces and Mme. Katherine Fleischer-Edel.

Aurora Has Bad Fire.
Aurora, Ill., June 19.—Fire in a business block belonging to S. S. Senzenbaugh & Co., caused a loss of \$150,000. Of this loss \$125,000 falls on Senzenbaugh & Co., who owned the building and the stock of the general store that occupied its three floors and basement. The insurance was \$75,000. Clyde Allen died from internal injuries received from falling down an elevator shaft at the National Biscuit company factory.

Restrained from Launching Galveston.
Richmond, Va., June 19.—Judge Grinnan, of the Richmond chancery court, granted an injunction restraining Lieutenants Theiss and Grosbeck, United States navy, from proceeding further towards the launching of the cruiser Galveston, under construction in the Trigg ship yards here.

Killed in Railway Collision.
St. Louis, June 19.—An eastbound Big Four passenger train ran into the rear end of an Illinois Central train which was standing in the approach of the Illinois side of Eads bridge. J. L. Dodge, of Dallas, Tex., in charge of an express car loaded with race horses, was instantly killed. Thirteen of the horses were so badly maimed that they will have to be killed. Reolina, with a record of 2:09 was killed outright.

SOCIAL EVENTS

TO WED JULY 1

Edwin Firth, Formerly of This City, Will Marry Miss Ollman, of East Palestine.

Cards were received in this city yesterday announcing the marriage on July 1 of Edwin Firth, formerly of this city, and Miss Nellie Ollman, of East Palestine. Mr. Firth is a well known jiggerman who has been employed in the East Palestine pottery for some time. He is a son of Greenwood Firth, of 209 Second street, and spent his early life in this city. The bride is one of East Palestine's most prominent young society ladies and is well known in this city.

The ceremony will be performed at the bride's home by the pastor of the Methodist Episcopal church of East Palestine.

Birthday Reunion.

Mrs. Sarah Simms, one of the most prominent and respected old residents of the city, was 75 years of age yesterday and was tendered a pleasant surprise. She was invited to dinner at the home of Mr. and Mrs. B. C. Simms, on Broadway, and there found assembled a large gathering, including her children and grandchildren, her brother and other relatives. The afternoon was most pleasantly spent. Mrs. Simms is the widow of the late Basil Simms, and has lived 68 years in East Liverpool, where her father, Jeremiah Webber, was one of the early hotel keepers.

Pleasantly Entertained.

George Wassman's Sunday school class of the Methodist Episcopal church, was entertained last evening by Miss Lena Howard at her pleasant home on Eighth street. The class is composed of young ladies and the entire membership of the class was present. The evening was one long to be remembered by the scholars, and the hostess was pronounced a perfect entertainer. Music and games were indulged in until a late hour.

Ice Cream Social.

An entertainment and ice cream social was held at the home of Mrs. Henry Goodwin, on lower Sixth street, last evening for the benefit of the Junior Epworth league of the Methodist Episcopal church. It had been intended to hold the affair on the spacious lawn, but owing to the inclement weather were compelled to adjourn to the house. A delightful evening was spent.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken, many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while De Witt's Little Early Risers do their work well and easy. Sold by Alvin H. Bulger.

If you want a nice dress suit for from \$10 to \$15, this is the store to see. They are equal to other store suits at \$3 to \$5 more.

MOST CELEBRATED MAN IN THE UNITED STATES

Senator Hanna Referred to in Eulogistic Terms
and Boomed as a Future
President.

CENTENNIAL COMES TO SUCCESSFUL CLOSE

Lisbon, June 19.—(Special.)—Lisbon's centennial celebration was concluded last evening with a repetition of the grand vocal and instrumental concert given by a picked chorus of 70 voices and the Grand Army band at the opening of the centennial Tuesday evening. The concert was given in the tent and attracted a large audience, many of the centennial visitors having not yet left town.

All parts of the county were well represented yesterday among the 20,000 strangers in the city and helped to make the celebration the most notable in the history of the county. The people of Lisbon are entitled to great credit for their liberal hospitality and eminently successful management of the affair.

The big tent was crowded for the speaking yesterday afternoon and including those who occupied points of vantage outside the canvas at least 8,000 people heard the addresses. When Senator Hanna and General Anson G. McCook, who were to occupy places on the platform, arrived, they were greeted with hearty applause which continued until they were seated. The president, Colonel S. J. Firestone, called the assemblage to order, after which the Grand Army band rendered a selection and prayer was offered by Rev. Frank Richards, of Zanesville, a former Lisbon man.

After a vocal solo by Mrs. Minnie

Duck, former Congressman Taylor was presented and spoke briefly by way of opening the meeting, referring to the time remembered by the older residents of Lisbon, when Mark Hanna and "Duck" McCook were boys and the best of friends and bitterest of enemies, as boyish fancies go, being commanders-in-chief respectively of the "Sheep Hill" and the "Frog Pond" forces.

Mr. Taylor spoke of his attachment for the good old town of Lisbon which has been the growth of the nearly 30 years of his life that he has spent here.

Colonel Firestone introduced Senator Hanna as "the most distinguished man in America," and the senator, greeted with a storm of applause, could not be heard until he had raised his hand for silence. Mr. Hanna said this celebration had revived many pleasant memories of the associations of his early youth and renewed within him a strong desire to see and know more of old Columbiana county and Center township during the remaining years of his life. He said the feeling that prompts one to return to his childhood home is one of the dearest and best impulses of the heart and is kindred to the love of mother.

During all the years of his separation, he said he has watched with interest the growth and prosperity of

NO VACANCY IN THE OFFICE

The Position of City Surgeon Was
Created a Number of
Years Ago.

DR. TAYLOR STILL FILLS IT

Since the resolution was passed by the board of public safety last week recommending that council create the office of surgeon to the police and fire departments, the question has been given much consideration and the opinion has been generally reached that the office is already in existence and that it has an incumbent. Dr. A. W. Taylor claims the honor of holding the position and declares that he will continue to serve in that capacity.

City Auditor Davidson investigated the minutes of the meeting at which Dr. Taylor was appointed surgeon and says that according to them he is undoubtedly the holder of the position. If the provisions of the code are adhered to and Dr. Taylor did receive the appointment as alleged, there is little use in worrying over the matter of creating the office. The code distinctly provides that no person in the employ of the city at the time the code became effective can be removed from office without reason.

Dr. Taylor states that he was appointed by council during the year 1896 and that he was presented with a badge which he now wears. It is beautifully engraved and of gold and the inscription, "Dr. W. J. Taylor, Surgeon to the Police and Firemen," adorns it. The doctor is very willing to attend to all of the duties incident to the position and will insist that his rights of holding the job be respected.

NO AGREEMENT BY THE JURY

Question of Guilt in the Jett-White Case Too Much for the 12 Men.

Jackson, Ky., June 19.—(Special.)—The jury in the Jett-White case reported at 9 a. m. today that it was unable to agree and was discharged.

Judge Redwine transferred the cases to Cynthia for trial.

CONFERENCE ON NEXT TUESDAY

MANUFACTURERS AND OPERATIVES WILL MEET THEN.

Harmonious Adjustment of the Brotherhood Wage Scale Is Expected.

The conference committees representing the National Brotherhood and the Western Manufacturers' association have arranged to meet next Tuesday to consider the changes in the wage scale authorized by the Wheeling convention. The sessions will be held in the rooms of the Potters' club and will continue from day to day until all the changes asked have been considered.

Each side will be represented by eight members. The national executive board has selected the following to act for the Brotherhood: Secretary Edward Menge, Third Vice President Harry Hales, of Wheeling; Second Vice President William Elder, U. E. Price, John Wood, Thomas Doherty and A. L. McFarland. President Duffy is also a member.

The foregoing information is from the Potters' Herald of today, which concludes its article on the subject by saying: "There can be no doubt but what an early adjustment of the demands presented by the recent convention will be made, as every one is of one mind, that there is no demand made that is not of a justifiable nature, and means a betterment as well as a leveling up of the wage scales as they now exist in some of the departments."

President Joseph G. Lee, of the Western Manufacturers' association, did not complete the list of the manufacturers' association until a late hour this afternoon. He had decided upon the men, but had not secured the consent of all to serve. This was accomplished at a late hour and the following list was announced: Charles W. Franzheim, of the Wheeling Pottery company; W. E. Wells, of the Homer Laughlin China company; Edward Smith, of the Standard; Colonel John N. Taylor, of the K. T. & K.; H. P. Knoblock, of the Dresden; F. A. Sebring, of the Sebring Pottery company; George C. Murphy, of the East Liverpool Pottery company; W. L. Smith, of the D. E. McNicol.

INTEND TO BUILD FIRST CLASS LINE

Congo Street Railway Projectors
Propose to Make Prompt
Use of Their Charter.

IT WILL NOT BE SOLD

The company composed of C. A. Smith, W. L. Smith and J. E. McDonald, three of East Liverpool's foremost financiers, to whom the franchise to build and erect an electric street railway over the county road in Hancock county from First street in Chester to Congo, a distance of four miles, makes the statement, with strong emphasis, that it is the intention to accept the franchise, begin the work as soon as possible and have the line completed within the specified time.

The statement coming from these men directly leaves not even a shadow of doubt in the minds of the people as to the construction of the road. They have gained a reputation for veracity and when they make a positive assertion it is a foregone conclusion that they mean to do exactly what they promise. C. A. Smith said this morning that the company is going to build the road and that its patrons will have one of the best lines in the country for their use. When the work is started, and that will be at no distant date, a large force of men will be placed on its construction and it will be pushed to completion as speedily as possible. The roadbed is to be of the best, substantial material obtainable. It will be second to none in the country and the rails will be of the 70 pound T variety, conceded to have no peers. Every accessory to the line will be of the best and it will be a pleasure to the people to patronize it.

Since the county court at New Cumberland granted the franchise to the above named men it has been the recipient of numberless complimentary expressions. The court has had the question under advisement for two years and only conceded the request after careful and conservative consideration. It determined that the people of the county were desirous of having the road built and knew that it would be if C. A. Smith and his associates were given the privilege of building it.

Mr. Smith denies the truth of the report that the company will offer the franchise for sale. He pronounces the statement as being utterly false. He said this morning: "The franchise is not for sale and will not be. We are going to build that road and that before the time limit expires."

CAMERON COMMITTEEMAN

Senator Harding Puts in a Bid for the
Campaign Opening at Marion, But
Other Cities want the Honor—Plans
for Campaign Work.

From a Staff Correspondent

Columbus, June 19.—The Republican state central committee met at the Neil house, this city, yesterday afternoon and selected officers and members of the executive committee which will have charge of the fall campaign. Hon. I. B. Cameron, of Lisbon, who has already served one term on the committee, was again chosen a member.

Julius Whiting, of Canton, who represents the Eighteenth congressional district on the state central committee, was absent and had a proxy at the meeting in the person of T. Harvey Smith, of Massillon, ex-treasurer of Stark county. Another Eighteenth district man was continued on the committee, John H. Fitch, of Youngstown. General Charles Dick was chosen chairman; John L. Malloy, secretary; and W. F. Burdell, treasurer. These gentlemen have held these positions for several years. The new committee will get together soon and arrange for the campaign opening and the establishment of headquarters.

Hon. W. G. Harding, of Marion, Republican nominee for lieutenant governor, was here circulating among the committeemen and putting in a word for Marion for the opening. It is known that a number of members of the executive committee would prefer some city other than Marion for the opening. The Sixteenth district, Congressman Gill's stamping ground, was the only district not represented at the meeting. J. S. Paisley, of Steubenville, is the representative and he neither sent a proxy nor any word concerning his absence.

THE DRUG LAWS ARE NOT ENFORCED

State Pharmacy Board Calls Attention to Lax State of Affairs.

Columbus, June 19.—(Special.)—The annual report of the state board of pharmacy, filed with the governor, declares that no attempt is made to enforce the law forbidding the general distribution of samples of medicinal preparations, the law regulating the sale of cocaine and the general poison laws. It also reports that the use of narcotic drugs is alarmingly on the increase.

The governor is urgently solicited to recommend in his message to the general assembly that the enforcement of these laws be placed with the board.

SQUIRES ARE BUSY

The Marrying Justices Getting Numerous Fees These June Days.

'Squire Daniel McLane contends that he has reached first place among his contemporaries in the race for the largest number of marriages during the summer. Just prior to his leaving for Lisbon to attend the centennial he married two couples, John Saltzman and Margaret E. Madden, both of Wellsville, and Elmer L. Grier, Pittsburg, and Miss Anna R. Malone, of this city. He states that he is engaged until the 25th of the present month and expects to get so far in the lead of the other justices that they will never be able to catch him.

'Squire H. P. McCarron, however, disputes his senior brother and yet maintains that he is far in the lead. He married another couple yesterday, the groom, George Walker, being from Carnegie and the bride, Miss Katherine Conroy, of this city.

THE SAFETY BOARD HAS NO QUARTERS

Its Members Feel Homeless and
Want Board of Public
Service to Act.

BILLS MUST BE APPROVED

Because they have "no regular place," the members of the board of public safety, at the meeting held last evening, appointed President Grafton and Mr. Dawson, a committee to confer with the board of public service this evening for the purpose of getting its members to provide them suitable quarters. The safety board has determined that it will be necessary for it to hold meetings every night for a few weeks and from past experience, knowing that it can meet in the council chamber only when some one else does not want to occupy it, the members think that they should be provided with a permanent abode. They will be satisfied with any location, but want it private, if possible.

One of the members approves of quarters in the fire station and two of them would not object to meeting in the third story of the city hall if it is made convenient. They would like, however, to have the board of public service erect the proposed addition to the city hall and give them one of the rooms. They realize that they should not be compelled to meet in a room open to the public, owing to the numerous documents of vital importance in their possession. When they get a room, they intend purchasing a substantial safe or desk, for the protection of the papers, etc.

There having been practically no headway made by the committee appointed to draft the rules for the board, it was decided that every member should take a part in the work and it is hoped by so doing the rules will be ready for council's acceptance in a very short time. For the purpose of compiling and drafting them the board will hold a meeting next Tuesday evening and every night thereafter until the work is completed.

Mr. Dawson had a score of rules that he had written to govern the police department and read them to the board. No action was taken on them, and it was recommended that they be laid over for consideration at the next meeting. One of the rules requires a policeman to come within a range of 5 feet 5 inches and 6 feet 4 inches in height.

Mr. Ogilvie had given the resolution passed at a former meeting, asking council to create the office of surgeon for the police and fire departments considerable study, and moved that the resolution be reconsidered. There was a second to the motion and the question was deferred.

A number of bills were brought up for acceptance. A few of them were ordered paid, but when several were introduced without having an O. K. attached, a discussion arose and it was finally decided to order no bills paid unless they are accompanied with an order of one of the members of the board and the signature of the chief of the department to which the bill is sold. Mr. Ogilvie said that he wanted to leave his office with no shadow resting over the board as to the expenditure of money and the only way to bring it about is to have every bill itemized and passed through the channel as outlined above.

Silver Wedding.

The silver wedding anniversary of Mr. and Mrs. James Wright will be celebrated this evening at the home of the couple in the West End.

THE BOND ORDINANCE AND THE CITY TAX LEVY WILL COME UP TONIGHT

It Is Expected That Council Will Dispose Of
Both Matters—Some Cutting
May Be Done.

Council, as was announced exclusively in the News Review on Wednesday, will hold a special meeting this evening. The purpose of the meeting is to pass an ordinance for the issuing of the bonds decided upon several weeks ago. It is also probable that the tax levy will be apportioned at this meeting. That the body will not accept in every particular the recommendations made by the several boards for the amount of money wished to run their respective departments for the fiscal year seems inevitable. The finance committee has found that if the wishes of the boards are granted there will not be sufficient money in several of the funds, especially the general fund, and it is said that the apportionment will be changed accordingly.

Auditor Davidson states that the

money from the county treasurer, expected to be in the hands of the city treasurer not later than today, has not arrived. He can assign no reason and is very anxious that the amount reach the treasurer by tomorrow. Whether or not the salaries of all the city officials can be paid out of the amount when it does arrive is a question that is bothering the auditor and treasurer at the present time. Though it is not accurately known it is thought that at least \$7,500 will be required to pay the city's employees and the auditor is not sure that the amount can be lawfully deducted from the money to be received from Lisbon. It is thought, however, that the matter will be arranged in a manner by which all can receive their salaries up to date. At least a strenuous effort will be made for that end.

HEARD BURGLARS IN THE HOUSE

TERROR IN A VINE STREET HOME
LAST NIGHT.

Thieves Climbed in At a Window, But
Were Frightened
Away.

An attempt was made to rob the house of W. H. Wells on Vine street last night, and though unmistakable evidence was found that the parties had been in the house, a careful search failed to locate them and nothing within was disturbed.

Mr. Wells was absent from home, attending a meeting in the lower part of town, and the lady members of the family were terror-stricken when they heard the burglars in the house. Neighbors were called and a search made, but the thieves had evidently been frightened away.

Entrance was gained by means of a window. The foot-prints were plainly visible on the window sill, and a blind was in their way. This was torn loose from its fastenings at the top. The blind was found lying on the floor, and had every indication of having been jerked away by force. Nothing was missing, and it is likely the thieves were frightened away in the nick of time.

SCOTTY BOWERS' WIFE IS GONE

Invokes Chief Wyman's Aid in Trying
to Find Her—Unsuccessful Hunt.

John "Scotty" Bowers, the well known blacksmith, mourns deeply the departure of his wife. She left him a few days ago and made her home with some shantytown residents until yesterday, when she left the city for Pittsburg. Scotty complained to Chief Wyman last evening that his wife was living with another man in the shantytown district and asked the chief to accompany him to the boat in which he had been informed she was staying.

The chief did as requested, but could not find the deserter. It was learned that she had been in one of the boats and left for Pittsburg yesterday. Bowers stated this morning that he would allow her to come back if she so desires. He also stated that if he ever catches her with another man he will cause at least one death.

Fires Purposely Set.

The firemen have been given a great deal of trouble in the past few days by fires at the dumps on Sheridan avenue and at the west end of Fourth street. Wednesday the department was called out twice to extinguish these blazes, and there have been several other similar calls of late. People in the neighborhood of the dumps say they have been purposely set on fire, the object being to destroy the accumulation of garbage.

WITH THE WORKMEN IN THE CLAY PLANTS

ELECTRICITY FOR BRICKMAKING.

Edward Brock and H. A. Lewis, of Muskegon, Mich., claim to have discovered a method for manufacturing brick from sand and marl by electricity, says the Clay Record. Specimens of the new brick which have been sent to eastern parties have stood severe tests and are said to be tougher and stronger than any material now on the market.

The process of manufacture and the experiments which led up to the discovery as detailed by Mr. Brock are as follows: "In our laboratory we constructed an electric arc with special double terminals, using a high potential alternating current, our own idea, for this purpose. We then took common Lake Michigan sand and mixed it with a certain proportion of marl which is found in great quantities in Newaygo county, and especially in a lake at Fremont.

This mixture we forced through the arc and the enormous electrical current caused it to melt in an instant and flow in liquid form. The liquid was run into moulds prepared for the purpose, and when cold the substance formed a perfect brick for building or paving purposes which cannot, in our opinion, be equaled on the market at the present time. These brick closely resemble glass, but are not in the least brittle, even in extreme changes of temperature. The brick have also been tested severely with all kinds of traffic and weights, but have stood them without being damaged. One test was the laying of the brick along the railroad tracks where the vibration causes all other forms of paving brick to disintegrate."

PEORIA NOTES.

Peoria, Ill., June 19.—Local No. 27 held a very interesting meeting and elected the following officers for the next term: President, Robert Summers; vice president, Lon L. Fash; recording secretary, Walter J. McKeone; financial secretary, Raymond Shively; treasurer, R. Snelson; statistician, M. Fennell; inspector, Fred Green; 1 percent clerk, N. Hobin; inside guard, J. Miller; trustee, Lon L. Fash.

The pottery here is running about the same, the clay hands only working about half time, there still being a shortage of bisque kilmen. The pottery will work up to the fourth, when it will shut down to put new boilers in. During this time the boys will camp at Mossville, about ten miles from here.

Brothers Harris and Walt Smith left for Evansville Sunday, they having received word of their brother Chess being hurt. He was wedged in with a freight car at the depot. The platform had to be sawed before they got him out. It is not known here yet how seriously he is hurt.

Alvin Huff, of East Liverpool, is working on the ghost and Brother Cullen, of the bisque, has gone on the police force.

Byron Foutts will spend the holidays at East Liverpool.

ENGLISH POTTERS DEPORTED.

A dispatch from New Castle, Pa., says: United States Immigrant Inspector V. F. Jankovsky left here to night (Thursday) for Ellis Island New York, with five English pottery workers he arrested here for violating the alien contract labor laws through coming here from England to work for the New Castle Pottery company. They are William P. Hall, Arthur Jackson, John Ball, Alfred Banks and Joseph Walklate. They were not unwilling to return home, as they said they made higher wages there.

KILNS STARTED.

The new Acme China company at Crooksville, O., has commenced work on its six kilns. The bricklaying is going along rapidly. All of the foundations for the buildings have been completed and the brick work has been started. The plant will be rushed to completion. Ware will probably be turned out of this plant by September or October unless bad weather prevents the progress of the construction.

ANOTHER FISHING PARTY.

Beaver creek is becoming quite a favorite for local anglers and during the summer several parties will camp along its shores. Yesterday Tom and Will Wedgwood, John and Sam Hancock and William Dewey, well known young operatives, established a camp and will spend several days fishing.

AMONG THE WORKMEN.

Thomas Wilson, decorator at the Globe, is visiting relatives in New York state.

The new local recently organized at Monaca by National President Duffy starts off with about 50 members. It is a mixed local and will be known as No. 70.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

MOST CELEBRATED MAN IN THE UNITED STATES

Continued from First Page.

Lisbon and Columbiana county and noticed that the county always responded to duty in war or peace. This, the senator said, was his second visit to Lisbon in 30 years, his previous visit in that time having been made about 10 years ago, and his only regret was that prosperity has eliminated some of the old landmarks that are dear to his memory. In speaking of the growth of the town, he made reference to the depression that followed the failure of the Sany and Beaver canal, "a tremendous undertaking, but not too great for the spirit and enterprise of the people of Lisbon," and how the town recovered from the blow and continued to prosper with a bright future.

He spoke of the sturdy sentiment of right, justice and liberty which animated the pioneers who were the early settlers here and told how these elements, contesting with everything antagonistic to them had produced men who made their influence felt. In conclusion he said it has been a great pleasure for him to stand before an audience from all parts of Columbiana county and as a greeting wished his hearers prosperity and success. He spoke of the proud record achieved by many Lisbon families and of the stimulus it gave to all her sons and daughters to do the duties of life bravely and well.

Gen. McCook was then introduced and gave a brief but interesting address in the nature of reminiscences. Gen. McCook was born in Lisbon and spent his early life here, served with distinction in the civil war, was thrice elected to congress on the Republican ticket, from a Democratic district in New York city, was secretary of the senate many years and served in various other official capacities. In his speech he referred pathetically to the fact that he had come to Lisbon to see the present generation and meet the comrades of his youth, probably for the last time. Among the numerous interesting incidents he related, Gen. McCook told of the reception here of the news of American triumph along the Rio Grande during the Mexican war. The news was carried to Wellsville by boat from Pittsburgh and from Wellsville to the county capital by courier. That night, he said, the band came out and serenaded a number of citizens, among them his father, Dr. John McCook, who responded with a brief speech. He also told of the Polydelphian debating society of New Lisbon, organized among the youths of the village, and of which both he and Senator Hanna were members. This society contributed in the course of time three general officers to the army, two to the navy, several governors of states and territories and

others prominent in the various walks of life.

In conclusion Gen. McCook said that he had known Senator Hanna both as boy and man and said he was "always square" and that he believed there were many of his fellow citizens, notwithstanding the action of the recent Ohio Republican convention, who thought he would be a worthy successor to McKinley. His utterance was loudly cheered. This concluded the speech-making and Senator Hanna and General McCook left on the afternoon train.

The audience that assembled in the tent last evening was thoroughly appreciative of the splendid musical program that was rendered. The Grand Army band was encored again and again. This organization has been one of the best features of the celebration and was heartily appreciated. After the concert the band gave George H. Huston, musical director of the chorus, a pleasant surprise by tendering him a serenade at his home on East Walnut street. Director Reinholdorf and his musicians returned to Canton this morning.

Among those in attendance at the centennial was Anson Ewing, of Ft. Worth, Texas, who came 1,500 miles, and John Robinson, a New York city manufacturer, who was formerly secretary of the New Lisbon woolen mills company.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me, I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills, little or big, there is in this country. Them Tablets surely to make one feel joyful." For sale by Alvin H. Bulger.

EAST END

IMPROVEMENT WORK HAS BEEN RESUMED

Large Force of Men Started Again This Morning on C. & P. Double Tracking.

Work on the double tracking through the East End was resumed this morning after a suspension of several weeks. Quite a large force of Italian workmen came in this morning on a special car and were soon at work unloading a number of cars of stone, which will be used on the new culverts. The additional track has been laid from the Klondike pottery almost to Mulberry street, but has not been ballasted or leveled up. The work will be taken up at once, as the track is badly needed for switching purposes.

The work of widening the culverts at Ralston's crossing and the Klondike pottery is going steadily forward, but the undertaking will not be completed before the end of the summer. These culverts are being made wide enough for three tracks and the stone foundations are almost a marvel in masonry.

CHILDREN'S DAY WILL BE ENJOYED

Little Ones Are Preparing an Excellent Program for Next Sunday Night.

Next Sunday will be given over to the children at the Erie street M. E. church, and the services promise more than usual interest. The children, under the direction of the Sunday school teachers and Rev. G. W. Orcutt and wife, are working diligently to make the observance of the Sabbath set apart for them interesting and instructive to the older members of the congregation.

The program adopted for the exercises is "School Days, Old and New," being appropriate to the bi-centennial of John Wesley, and will illustrate the difference between the school days of then and now. Special music will be another interesting feature of the evening.

At the morning service Rev. Mr. Orcutt will preach a special sermon to the little ones.

WELL CARED FOR

The Occupants of Quarantined House Are Not Suffering from Lack of Attention.

Sanitary Policeman Burgess was a visitor to the Klondike this morning as the emissary of the board of health, to look into the condition of the Stewart family, under the quarantine since the first of the week. He found the stricken ones doing as well as could be expected under the circumstances and all of them have excellent chances of recovery. John Stewart, the head of the family, who was worse yesterday, has shown an improvement.

The family is well provided for and will not suffer in any way from the enforced confinement. No danger is anticipated of the disease being spread in the community.

Worked Upon the Quilt.

Mrs. D. W. McQuiston, of Pennsylvania avenue, entertained the Ladies' Missionary society of the Second United Presbyterian church yesterday afternoon and a most delightful time was enjoyed by all. The ladies were at work on the quilt, which they will present to Rev. H. C. Chambers before his departure for India to become a missionary. Several hours were spent in this way and in the enjoyment of social chat. Elegant refreshments were served.

Bobby Was Captured.

Bobby, the truant parrot, returned to the fire station yesterday afternoon, a prisoner in the hands of a small boy, who had climbed a tree in the orchard along St. George street to capture him. Bobby Terrence will take no chances on a repetition of the occurrence and has clipped his wings.

An Enjoyable Social.

The ladies of the Erie street M. E. church spent a most enjoyable evening yesterday at the home of Mrs. Isabella Jones, of Dry Run, who entertained for the Ladies' Aid society. The meeting of the society was a very profitable one and several important matters were discussed. A tempting luncheon was served.

BRILLIANT RECORD OF A NEWS-PAPER MAN.

The success which has attended William E. Curtis, the famous correspondent of the Chicago Record-Herald, is rarely attained by newspaper writers. Beginning his career in Chicago in 1872 as reporter he rapidly rose to the position of managing editor. He resigned that position on receiving a government appointment as secretary of the South American commission. Mr. Curtis traveled extensively in Central and South America while in this position, producing several popular volumes as the result of his literary labors. Afterward co-operating with Secretary of State James G. Blaine, Mr. Curtis organized the work of the bureau of American republics, with the result that he was placed in charge of that organization, and at the World's Columbian Exposition he distinguished himself by his labors as the executive head of the Latin-American department. As correspondent of the Chicago Record-Herald Mr. Curtis' travels have carried him into every section of the United States as well as into all quarters of the globe. His China and Japan letters were published in book form; likewise his letters from England, Germany and France, as well as those written during his travels in Mexico and South America.

No newspaper correspondent possesses the facility shown by Mr. Curtis in writing on any of the diversified subjects embraced in his correspondence and making it luminous. Nor is any correspondent followed so closely year after year by the thousands of readers of the Chicago Record-Herald. On his recent trip to the Holy Land Mr. Curtis' letters have been read more closely than ever and his descriptions of that interesting section of the globe as it appears today have been quoted everywhere.

A daily letter from Mr. Curtis appears in the Chicago Record-Herald.

GREAT AMERICAN NOVEL

"Under Mad Anthony's Banner" a New Work of Excellent Character.

A stalwart American novel by a typical American author. If entertainment, stirring action, splendidly drawn characters are what people desire, then there is not an American novel reader but will lose if he overlooks Dr. J. B. Naylor's latest work. Those who have any knowledge of the author through his previous successes, either in the field of prose or poetry, will pick the book up because it bears the name of the Buckeye story teller—in itself a guarantee of readability. The same intensity of interest is shown here that made "The Sign of the Prophet" and "In the Days of St. Clair" so popular; the same thorough preparation and hard study. Dr. Naylor knows his subject down to the minutest detail; few writers have made such a careful study of the early history of the northwest.

When Cincinnati was but a handful of huts and Ohio merely a vague portion of what was known as the Northwest Territory, when all north and west of the Miami river was the Indian's country—unbroken forests that contained hideous dangers for the white man; Hal Borton, English refugee and American pioneer, cast his lot among the few brave enough to dare the constant perils of frontier life along the Ohio—and it is here the story opens. The plot is compatible with its environment in every way and the adventures of Hal as an Indian scout are of breathless interest.

Through all the story is a tender romance pure and wholesome. There are many varied and representative characters introduced, both historical and fictitious.

In all, "Under Mad Anthony's Banner" is one of the best among the stories that have found their setting in this period of the history.

Those who are easily exhausted seem to have no strength, ambition, who feel draggy, tired all the time, will find in Hagee's "Cordial" of Cod Liver Oil, a bracing, revitalizing tonic that will build vim and vigor promptly. Contains all the good of cod liver without the grease.

ALWAYS CAUSES

DISSATISFACTION

The Itinerant Advertising Man Not the One Whom Merchants Should Patronize.

Speaking of the advertising scheme lately worked in this city by strangers, who made a dicker with a local paper to publish their writeups and accepted small amounts where they could not get larger ones, causing much dissatisfaction, the Salem News says:

"The scheme referred to is an old one, and one that never fails to result in dissatisfaction to the advertiser. It is worked by itinerants who have no permanent interests anywhere. They drop into a town and where more than one newspaper is published secure the use of the columns of the one which will best serve their purpose, and with which they can succeed in making the best terms. Then they proceed to victimize both the advertiser and the newspaper. They make false or exaggerated representations to the advertiser, and the newspaper which is made oftentimes an innocent medium of these misrepresentations must suffer along with the advertiser, because the scheme directly affects its everyday business.

"These itinerant advertising schemers have for some time given Salem a wide berth. Two or three years since the Salem merchants formed an agreement to patronize no advertising scheme, not even the program, but to use practically no other medium for advertising than the newspapers, as that was conceded by all as the best and most reliable. Since the formation of the Business association, which embraces nearly all the advertisers of the city, the action referred to has proven so satisfactory that a provision was incorporated in their constitution which prohibits any member from going into any advertising scheme without the approval of the officers of the association. This provision will prove an eminently good one, and will practically cut out of Salem any unworthy advertising scheme. The disposition of the new association will be to use practically no other medium for the general advertising of their business than the local newspapers, whose interests are identical with their own. In this action and tendency they display wisdom; for the advertising done, directly and in a legitimate way, with the home newspaper publisher has stood the test of time, and is universally acknowledged, by the largest and best advertisers, as the sort which invariably brings the best returns."

Crockery vs. Carroll.

The Crockery City and Carroll club teams of the Crockery City league will play at West End park this afternoon.

SIMPLE WAY TO CURE DYSPEPSIA

"Take a Mi-o-na Tablet After Each Meal," Says Druggist Will Reed.

With Mi-o-na there is no bother of guessing at the dose or using so many spoonfuls or anything of that kind. This valuable remedy for the cure of dyspepsia is in tablet form and is the simplest way to cure the disease.

"Just take one Mi-o-na after each meal," says Druggist Will Reed, "and in a few days you will find digestion improved, health returning, and good, solid flesh added." This remarkable remedy is not a mere digestive; it mingles with the food, and is readily assimilated by the system. It aids digestion and regulates and strengthens the whole digestive tract, so that after its use for a short time health and natural action is restored to the stomach and bowels.

Mi-o-na may properly be termed a flesh-forming food, as when it is used every part of the body fills out with solid flesh and all the outlines become beautiful and symmetrical.

Mi-o-na is not an ordinary peptic preparation to simply aid digestion, weakening the organs, but it is a scientific remedy that gives health and strength, firm muscle and pure blood. No one runs the slightest risk in purchasing it, for Druggist Will Reed will give his personal guarantee with every package he sells to refund the money if it does not cure.

The Columbiana congress will con-

vene tomorrow to take up the Panama

canal treaty. No one can tell as yet

how a majority of the members feel as

to the treaty. There are two elements

working in opposition. The first of

these is the transcontinental railways

of the United States, who wish the

treaty defeated, that the construction

of the canal may be postponed indef-

initely. They know that it will mean

cheaper freight rates to the Pacific

coast. The second is the representa-

tives of certain European govern-

ments, which do not wish the canal

built by the United States, as it would

give us greater influence on the isth-

mus and the countries of South Amer-

ica than we now possess; and we may

be certain that plans are already laid

for extending the European colonial

system to the backward and non-pro-

gressive republics there. But if they

succeed with Colombia, they hardly

can do so with Nicaragua and Costa

Rica; and if we do not build the canal

across Panama, we certainly will

across Nicaragua.

Wanted—a city building. If all the

new boards and city officials should

take a notion to hold meetings on the

same evening, city hall would not half

accommodate them. However, until

the administration has succeeded in

getting the city out of financial quag-

mires and establishing a surplus in the

treasury it will be necessary to worry

along with present quarters.

The ladies of the Civic Improvement

League, of Steubenville, are doing

good work for that city in encouraging

the property holders to beautify their

homes and their surroundings and to

abolish unsightly objects. There is

plenty of work ahead for any similar

organization in East Liverpool which

has the courage to undertake it.

Over in Pennsylvania they are put-

ting men in jail for using croton oil to

preserve milk that is furnished to

babes, invalids and families. Jail is to

good a place for such men; something

humorous with boiling oil in it would

be about the proper punishment.

Columbiana county has received a

good deal of favorable mention in the

newspapers during the past week.

Some of the home folks have also

learned facts in local history which

makes them walk a little more proudly.

The contemplated strike in the an-

thraxite regions has been staved off.

Another feather in John Mitchell's

cap.

The new administration in Serbia is

said to have the favor of Russia. It

may prove an embarrassment rather

than a help.

The unanimous verdict appears to

be that Lisbon covered herself with

glory.

ing that she can play ball.

WELLSVILLE

GOOD SAMARITAN ACT

Attempted By a Wellsville Man With Results That Were Unprofitable.

J. P. Arnold, of Wellsville, has learned during the last three or four days that it does not pay to become too intimate with strangers. About a month ago a man giving his name as L. D. Shifford struck this city and obtained a position as brakeman on the C. & P. railroad. Mr. Arnold is also a brakeman on this road.

Arnold was the first man Shifford met, and the latter put up a hard luck story, asking Arnold to go his security for a month's board and lodging. Here was a chance for Arnold to be the good Samaritan and he did not let the opportunity pass. He took Shifford to his boarding place, H. C. Shaffer's restaurant, in the West End, and told the proprietor to board the man for a month. Mr. Shaffer said he would, as he knew Arnold to be square. Shifford was always on hand when it was meal time. When pay day came he went to the pay car, got his money and quit his job. For the month his board bill amounted to \$23.65. After securing his money, it is said, he refused to pay the bill. He has found a new hotel and is paying cash. Mr. Arnold is greatly displeased.

CROWDS WENT TO LISBON

Centennial Attractions Caused Wellsville to Be Almost Deserted.

The streets of Wellsville were literally deserted all day yesterday. In the early morning strings of rigs went flying in the direction of Lisbon, where the occupants enjoyed a day seeing the sights at the centennial.

Most of the city officials took a day off and drove over to see the midway, the big shows and the many other attractions. Before 9 a. m. every lively barn had every rig gone and could have used double the number let for the day. Many were obliged to go by the railroad on account of the insufficiency of rigs.

The sightseers returned home late in the evening, very tired, but reported a fine time.

CELEBRATION OF THE 4TH

Another Mass Meeting to Be Held Tonight to Boom the Project.

Another mass meeting will be held tonight in the city hall to make further plans for a Fourth of July celebration in this city. The soliciting committee, consisting of eight members, will report the amount already collected. Mayor Fogo will act as chairman and is very anxious that there be a large attendance.

Committees on speakers, sports and reception will be appointed. Other business pertaining to the celebration will also be transacted. Several hundred invitations have been sent out and a large crowd is expected.

Supper And Entertainment.

The ladies of the A. M. E. church gave a supper and an entertainment in the city hall last evening. The supper from 4 to 7:30 was one of the very finest. After the feast a program of reading, recitations and music was rendered. Rev. Mr. Upshaw, the hard-working pastor, also addressed the audience. After the last number on the program another light lunch was served. A neat sum was realized which will be added to the church treasury.

Thrown Upon Bricks.

While riding down Third street at a pretty good clip yesterday afternoon John Hydemann was thrown from his horse on a pile of bricks. He was only slightly shaken up. He arose

from the pavement and mounted the horse again and rode off.

Entertained Friends.

Mr. and Mrs. James Armstrong, of lower Front street, entertained about 25 of their friends and neighbors Wednesday evening. Cards, games and dancing were the principal diversions. About 11 o'clock a delicious luncheon was served.

EXCURSIONIST FELL FROM ROLLER COASTER

TOOK AN AWFUL PLUNGE AND WAS BADLY HURT.

Peter Hillar, One of the Carnegie Crowd, Was Badly Bruised And Had Arms Broken.

Peter Hillar, one of the excursionists who visited Rock Springs yesterday, was the victim of the second bad accident of the day, and he may die from the effects of his injuries. Hillar, who is a resident of George's Creek, near Carnegie, was riding on the roller coaster at about 4 o'clock in the afternoon when he lost his balance as the car reached the highest point and while it was rounding one of the sharp turns. He pitched headlong to the ground, a distance of fully 40 feet, and that he was not killed outright is nothing short of miraculous. It was his own carelessness that was to blame.

Hillar was lifted from the ground in an unconscious condition and carried to a convenient spot a short distance away, where the doctors who had been summoned were awaited. Drs. Francis R. Harrison and Donahoo responded, and when they arrived advised that the injured man be taken to the office of the latter on Carolina avenue. Here it was discovered that both arms were broken, his body badly bruised and that there might be internal injuries. Other doctors were called in and the man's injuries attended to. It was impossible to tell at that early time whether or not Hillar had sustained internal injuries. He was made as comfortable as possible until the departure of the excursion train at about 7 o'clock. The man suffered great pain, and while being carried to the physician's office by J. E. Berkeimer and Joseph Turley, of East Liverpool, he begged the men to lay him down, as he was sure he would die before they reached their destination.

CHESTER UNIONS TO BE RECOGNIZED

The Locals Across the River Likely to Become Affiliated With East Liverpool Trade Council.

The members of the few trades unions of Chester have long been puzzling over the matter of securing recognition in the Trades and Labor Council of East Liverpool, and it now seems the problem has been solved, thanks to the efforts put forth by Organizer Charles Kontner, of the American Federation of Labor. At first it was thought the Chester locals might organize a central labor body of their own, and some time was spent in making inquiry, but it was learned that there were not at present enough union organizations in the town to make application to the American Federation of Labor for a charter.

A few weeks ago the matter was called to the attention of Organizer Kontner, who interested himself to the extent of communicating with Secretary Frank Morrison, of the Federation. This official informed him that it would be impossible for the Chester unionists to form a separate organization, owing to the few unions located there, but that there could be no possible objection to them being admitted to membership in the East Liverpool council. Then when Chester had advanced to a point where it could support a central labor union, they might withdraw from the big body on the other side of the river. It is likely the matter will be brought up in the East Liverpool body at its next meeting and that its membership will be pleased to welcome the men from Chester.

STEPPED FROM MOVING CAR

A Carnegie Excursionist Badly Hurt on the Pavement By His Carelessness.

John Watson, one of the Carnegie excursionists, went to East Liverpool yesterday afternoon and after consuming enough of the Crocker City brand of booze to make him foolish, boarded a car for the park. When he reached a point on Carolina avenue near the John Marshall confectionery he concluded to stop off. Without waiting for the motorman to slacken the speed of the car, Watson reached for the pavement with one of his feet.

The effort fell short a few inches, but as he had let go with his hands, there was nothing left for him to do but make the best of it. He fell headlong on the paved street, and almost before he could be lifted from the ground one of his eyes was completely closed and the skin was scraped from the whole side of his face. He bled profusely and swore loudly. A physician who happened to be near dressed the wounds and Watson disappeared

FIRE DEPARTMENT

For the Protection of Rock Springs Park Buildings to Be Established.

Carpenters started to work this morning on the erection of a hose house at the park. The building will be located on the level space on the walk leading from the entrance to the summer theatre, and midway between. The structure will be amply large to accommodate all the fire apparatus owned by the park management.

As soon as the building is completed all the equipment will be moved there, and the employees instructed in the matter of using it. The apparatus will consist of three 18 gallon machines, and another with a capacity of 40 gallons. To these is attached 700 feet of 2½ inch hose of the very best make. The hose is sufficiently long to afford fire protection to the remotest end of the park. The whole equipment will cost \$1,200.

MAY LOSE HIS ARM

An Italian Workman at the Mill Badly Cut By a Sheet of Tin.

Mike Constantino, an Italian employed in the dusting department of the Chester tin mill, may lose his left arm as the result of a cut received this morning at 10 o'clock. He was working about the apparatus as usual, and had gone about the work in the ordinary way, but in some manner a sheet of tin became disarranged, and his arm was badly cut.

He was taken to the office of Dr. Donehoo, and assistance in the person of Dr. G. E. Lewis summoned, but the latter was too busy to respond, and a doctor from East Liverpool was sent for. It is not known at this time whether or not amputation will be necessary.

WHEELING LUTHERANS

Are Holding a Picnic at Rock Springs Park Today—600 Are Present.

An excursion made up from all the Lutheran congregations of Wheeling arrived at the park at 11:30 this morning. There was but one section of nine coaches in the train, and it is estimated that 600 people are present.

Tonight a special will be run from New Cumberland, and the party will dance for a few hours. A boat excursion will be run from Shippingport, this evening, and the crowds will be transported in a barge appropriately fitted up for the occasion. The people from the Pennsylvania town will also dance throughout the evening.

The purpose of the meeting is to look over the plans and specifications with a view to letting the contract for the building in the very near future. Another lot has been purchased adjoining the present site on Indiana avenue, and on it the parsonage will be built. The board has not yet formed definite plans for the parsonage building, but will likely do so soon. The contractors will be asked for bids within a few days, provided the plans are satisfactory.

Excellent Performance.

The vaudeville performance being given this week at the summer theatre is one of the very best ever seen anywhere. Manager Strauss has once more demonstrated his ability to select precisely the proper thing to please the people. Good crowds have been attending throughout the week, that at the matinee yesterday afternoon being particularly large and appreciative. The interesting and exceedingly well balanced attraction is headed by the renowned Peter Baker, Dutch comedian, and includes a number of the best vaudeville artists in the business.

CHESTER NOTES.

Finishing touches are being put to the handsome railing about the boxes at the summer theatre.

A daughter was born this morning to Mr. and Mrs. Edward Bennett, who reside near the Second street bridge.

The Chester Hardware company is moving its equipment to the new Mercer building on Virginia avenue, and will be ready for business by tomorrow. The company is one of the most successful and enterprising in the town of Chester.

Jake Wagner, of Carnegie, one of the picnickers, claiming to be a brother of the famous Hans Wagner, of base ball fame, fell from the railroad culvert opposite the park entrance last night, and escaped without a scratch. The distance was 25 feet and the fact that he was not badly hurt can be attributed to the fact that his friends say he was intoxicated.

Among the vaudeville artists who will be at the park theatre next week is an old time favorite with East Liverpool people, in the person of Eddie Doyle, the juggler.

The paving of the sidewalk in front of the establishment of N. S. Hood has been completed, and is a handsome piece of work.

Born, to Mr. and Mrs. J. C. Hawkins, of the Narrows, a daughter.

Levi Gardner, one of the substantial citizens of New Cumberland, is the guest of his daughter, Mrs. E. C. Baxter, of Adolphus street. Mr. Gardner and his daughter will leave tomorrow for Millersburg, Ohio, where they will visit Mrs. Charles Burns, another daughter.

WELLSVILLE ALSO
LOST THE SECOND

A Great Crowd Witnessed the Exciting Contest at West End Park.

GREAT WORK OF PITCHERS

Visitors Were Shut Out Until the Eighth Inning When They Made Two Runs—Final Score Stood 3 to 2 in East Liverpool's Favor.

From 5:15 until the last one of them rolled into bed last night the dukes of Wellsville fanned over again and again the same old story. The pride of their hearts had lost once more to Capt. Reark's aggregation—this time by a score of 3 to 2 in a game just a few points swifter than on the day previous.

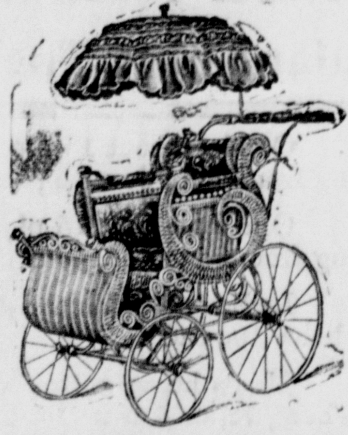

Threatening elements had a noticeable effect on the attendance, but at that there were at least 1,000 witnesses to the performance, that is, when to the 428 paid spectators are added 300 extras on the inside and as many more patrons of the box cars and the hill side at the west of the park. The crowd from Wellsville was not so big as that which accompanied the local boys to the sister city, but McGregor's lads have quite a few admirers in the Crocker City and they were not exactly strangers in a strange land.

The game in a few words might be termed a "pitchers' battle," both twirlers making the effort of their lives, and doing great work. Elman for Wellsville gave the locals but five hits and the visitors were treated to but six by "Lanky" Morgan Winters. Had they both received perfect support the score would have been 2 to 0. Had the right thing been done by Morg the result would have been nothing else. No man ever exerted himself more and after coming out of the battle with 10 strikeouts and only six hits marked against him, the visitors should have left the field cackling over a big goose egg.

The runs scored by the locals were made at intervals. The first one was in the second inning. Youngson went down after being cracked on the cranium by a hard one. He advanced to third on some clever base running and when Brown landed a pretty hit he made a desperate chance to get home but was thrown out at the plate by Maag. Reark walked. Emmerling flew out to Murphy and Brown scored on the throw-in.

In the next inning Wallace covered himself with glory, and also won the game. Everyone expects him to do something phenomenal when he strides forward with his trusty in his hand, and it is seldom that they are disappointed. Stevenson and Emmerling had gone out in rapid succession and the spirits of the fans were soaring up pretty high, when the hero stalked to the batter's box.

No one ever walked with an air more unassuming. He did it as a matter of duty and stood firmly at his post of duty. As is his custom, he

ASK LEWIS BROS ABOUT IT.

pounced upon the first one delivered—a crack, like that of a pistol shot, was heard, and immediately the little sphere was soaring far out over the diamond. While it was on the dead run Wallace was putting in his best efforts and before the ball reached the catcher's mit he chased over the plate, with a clean home run to his credit and with the knowledge that he had stepped one notch higher in the base ball world. The next and last run was scored by Chambers, the man who belted the ball so unmercifully at Wellsville. He placed a pretty two bagger and finally scored on a hit by Reark.

The visitors were compelled to stomach a shut-out every inning until 5 o'clock. In the eighth they got their all for a moment it looked as if the score might be tied. Elman singled and was out at second from Gibson. Maag got first on the play and Murphy reached the initial plate through an error made by Gibson, who threw a wild one to Wallace. Hamilton came near saving the day when he belted out a two bagger, scoring both Maag and Murphy.

There being but one out, the locals began to feel a little uneasy, but Hamilton could not reach farther than third. Webb went down on fielders' choice, and "Big Elckathorn," who made a long three bagger the last time up, fanned the wind three straight times. Sperry then had no more gumption than to pop one in the vicinity of the left field. That settled the hash of the visitors and once more their fondest anticipation was thwarted. The score:

Hollenden vs. Belmont.

One of the most interesting games of base ball which will be played at Rock Springs grounds during the entire season is that scheduled to come off next Tuesday evening. The strong Hollenden team will be pitted against the equally formidable Belmont club. There is a strong rivalry between the two aggregations, and the game will be for blood from beginning to end.

out at Mt. Clemens. He is now as spry as a two-year-old.

The wise betters are figuring Judge Himes to win the American derby.

McGraw's bad knee collapsed in practice the other day and he will not play again this year, perhaps never again.

Buck Washer, who was here with the Wheeling team, seems to have dropped out of sight in the Central league.

Pittsburg made it 12 straight yesterday, while New York, with the great Matthewson in the box, failed to score against Chicago.

In the Chicago-New York American league game Wednesday both teams made but five hits. Wolf, for New York, let Chicago down with only one safety.

Rube Waddell has fooled them all this year. The erstwhile erratic twirler is doing consistent work and has a better record of wins than Christy Matthewson, the premier of the National organization.

NERVOUS DYSPEPSIA
ITS CAUSE AND CURE

Overwork any organ and it gives out—the stomach is no exception. Ask it to digest anything, everything, at any time in half the time required, and like an over driven horse, it balks. Nature intended the stomach should have regular hours. A time to work, a time to rest—and when you break up this habit, you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lies heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills it's cure.

Mrs. William Spowart, of No. 18 Mill street, Youngstown, Ohio, says: "Dr. A. W. Chase's Nerve Pills are a fine medicine for nervous dyspepsia. My stomach was all upset and would digest nothing. I got some of the Nerve Pills and they acted finely—my stomach, appetite and digestion got right again and an old malarial tendency disappeared completely. I feel right well again in every way and am glad to say so."

JURY FAILS TO AGREE

Result of Verdict Awaited With Suspense by Citizens of Jackson.

HOPE OF CONVICTION GIVEN UP

Trouble Expected When Troops Are Withdrawn—Business Practically Suspended—Gloomy Outlook for the Future.

Jackson Ky., June 19.—As expected here, the jury in the case of Curtis Jett and Thomas White, charged with the murder of J. B. Marcum, has been unable to agree on a verdict. The case has been in the hands of the jury all afternoon and it is stated that at least two jurors are holding out for conviction, while the others are divided, most of them favoring acquittal. The jurors went to bed early and will report some time during the morning. During this suspense there has been intense anxiety about the court house and throughout the town in discussing what might follow a verdict either of guilty or of acquittal or of a compromise on imprisonment. The indications are that the jury finally will report that it has disagreed and ask to be discharged. All hope of conviction seemed to be given up. It is not expected that the prosecution for the murder of Marcum and others will stop with this jury. Although court has been in session some weeks at great expense to the county and also to the commonwealth, on account of the troops, it is believed that State Inspector Hines will make such a report to the governor as will secure other trials under different conditions. It is not likely that the county will soon find another such witness as B. J. Ewen, who has removed to Lexington, or another such prosecutor as Commonwealth's Attorney Byrd who expects to locate at Winchester, Ky. There are some who even expect more serious trouble when the troops shall be withdrawn.

Troops Doing Police Duty.
Business is practically suspended, with crowds about the town everywhere and considerable carousing, although the provost marshal, with "troops doing police duty, is attempting to keep the "blind tigers" closed. The reign of terror still continues with all sorts of apprehension as to the future and no hope of any convictions under the present official conditions.

The members of the Hargis faction were almost jubilant over the unofficial reports from the jury room. It was claimed confidentially that 10 of the jurors were firmly for acquittal and that the other two would be induced to join them in a verdict of acquittal. It is mentioned that all the men brought in for the panel from which the jurors were selected were brought in by deputies or elisors who are connected with the dominant faction and that they can be depended on for the result that is now anticipated.

Judge Did Not Expect Verdict.
After the jury reported no agreement and was instructed by Judge Redwine to continue its deliberations, he stated that he had never expected a verdict on the first night and that he will hold the jury in its deliberations at least until Saturday, unless a verdict shall be rendered before that time. While a verdict is not generally expected, the course of the jury in occupying so much time may not be taken as a positive indication of no agreement. In mountain counties, in important cases, it is a custom of jurors to deliberate at length probably to lend weight to their verdict. After the jurors had come to bed officers of the military camp and visiting newspaper correspondents, who at most outnumber the officers, were entertained at a banquet by Joseph Head, Jr., cashier of a local bank. The jury spent the night at the

Large Attendance at Saengerfest.
St. Louis, June 19.—The success of the opening night served to increase the attendance at the second concert of the national saengerfest and the massive structure was filled, the seating capacity being 15,000. The national male chorus of 5,000 voices which has been in training in various cities for months under saengerfest instructors, contributed the numbers assisted by the orchestra of 200 pieces and Mme. Katherine Fleischer-Edel.

Aurora Has Bad Fire.
Aurora, Ill., June 19.—Fire in a business block belonging to S. S. Senzenbaugh & Co., caused a loss of \$150,000. Of this loss \$125,000 falls on Senzenbaugh & Co., who owned the building and the stock of the general store that occupied its three floors and basement. The insurance was \$75,000. Clyde Allen died from internal injuries received from falling down an elevator shaft at the National Biscuit company factory.

Restrained from Launching Galveston.
Richmond, Va., June 19.—Judge Grinnam, of the Richmond chancery court, granted an injunction restraining Lieutenants Theiss and Grosbeck, United States navy, from proceeding further towards the launching of the cruiser Galveston, under construction in the Trigg ship yards here.

Killed in Railway Collision.
St. Louis, June 19.—An eastbound Big Four passenger train ran into the rear end of an Illinois Central train which was standing in the approach of the Illinois side of Eads bridge. J. L. Dodge, of Dallas, Tex., in charge of an express car loaded with race horses, was instantly killed. Thirteen of the horses were so badly maimed that they will have to be killed. Reolina, with a record of 2:03 was killed outright.

METCALF'S DEFENSE

Letter to Postmaster General Asks for Suspension of Dismissal Order.

CHARGES MADE AGAINST HEDGES

Allegations Under Investigation by Inspectors—Establishment of Rural Free Delivery Routes Has Been Resumed.

Washington, June 19.—Postmaster General Payne received the following letter from Mr. Metcalf asking a suspension of the order of dismissal until his complete defense may be heard: "I cannot but feel that under ordinary circumstances such summary action as has been taken in my case would not have been had without giving me a chance to be heard by myself in my own defense. It must be due to the heated, excited and congested condition of affairs in the postoffice department that the postmaster general has consented to this summary dismissal of a man who for the best part of his life since attaining manhood has devoted his whole thought and being to the honest discharge of his duties to the government and the best interest of the postal service, in which no stain or suspicion has ever heretofore attached to him.

Government's Interest at Heart.
"Justice to myself, my family and my friends require that I should appeal to the postmaster general to recall this order of summary dismissal, and accord me an opportunity to show that in this matter, as in all others, I was consulting only the best interests of the postoffice money order service in whatever I did concerning the Herman bid, and not my own self-interest, and with no thought of myself or my family, as is made to appear in the charge against me.

Allegations Against Charles Hedges.
Charges against Charles Hedges, superintendent of the city delivery service of the postoffice department, alleging that he has pressed claims before congress, solicited employees in the service to take stock in a mining company and other allegations, are under investigation by the inspectors of the postoffice department. The charges were presented to Postmaster General Payne and referred by him to Fourth Assistant Postmaster General Bristow. The allegations that Mr. Hedges went to the capital during the last session of congress and urged the passage of a claim then pending was made at that time.

Rural Free Delivery.
The postoffice department has resumed the establishment of rural free delivery routes, which were held up on account of the deficit in the appropriation for that service and a large number of routes will be put into operation on July 1, the beginning of the

now fiscal year. The policy of the department hereafter will be to establish routes as rapidly as possible consistent with the best interests of the service and economic administration. The rules as to the number of families required to be on the route in order to secure the service, probably will be more strictly adhered to and fewer exceptions made. The rules require that no service shall be established on a route on which there are less than 100 families. Unless exceptions are made for some special reasons routes are to be investigated in the order in which the petitions for them are filed.

To Settle War Claims.
Havana, June 19.—D. M. Massie, the representative in Cuba of the Spanish claims commission, will sail Saturday for Washington to confer with the commissioners with a view to extending and expediting the work of securing complete evidence in the claims of American citizens for war damages. The work is making slow progress owing to the difficulties met with Of 400 claims, testimony has been taken in only 15, and the depositions even in these claims are only complete in two or three cases.

Big Steamship for the Lakes.
Ogdensburg, N. Y., June 19.—The new steel steamship Westmont, built at New Castle-on-Tyne for the Montreal Transportation company to replace the steamship Bannockburn, which foundered on Lake Superior with all on board last fall, passed up the St. Lawrence to the lakes. She has a capacity of 110,000 bushels of grain. She will ply in the export grain trade, Duluth to Kingston transshipping for Montreal.

Decline in Price of Pig Iron.
New York, June 19.—Another decline in the quoted prices for northern pig iron is reported, the average loss being about 50 cents a ton. Prices for southern pig iron were not changed. Northern No. 1 iron is now quoted at an average of \$19.75 per ton, as against \$20.25 last April. A year ago the price was \$19.50.

Labor Leader Dead.
New York, June 19.—Louis J. Kaufman, vice secretary of the American Federation of Labor and a member of several societies, is dead. Mr. Kaufman was also president of the State Verbund, of New York, an organization which aimed to consolidate into one great association all the smaller German Catholic societies in the state.

ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

COMPANY BANKRUPT

Unsuccessful Ventures Created Dissatisfaction Among the Stockholders.

AFFAIRS IN HANDS OF RECEIVER

Operated Extensively in Oil Wells and Property in Ohio, Pennsylvania and West Virginia—Losses Do Not Involve Stockholders.

Cleveland, June 19.—A voluntary petition in bankruptcy was filed in the United States court by the Adams & Sarker Oil company and Bankruptcy Referee Remington named Charles Zucker as receiver. The assets are placed at \$171,000; liabilities \$331,000. The company operated extensively in oil wells and property in Ohio, West Virginia and Pennsylvania and unsuccessful ventures are said to have created dissatisfaction among the stockholders. The insolvent concern promoted the Cleveland-Lima oil company, the Cleveland-Parkersburg oil company, the Cleveland-Hancock oil company, the Casa Dollar oil company, the Trenton Oil and Gas company, the Pittsburgh and Parkersburg oil company, the Chicago and Lima oil company and a half dozen others. It had an extensive chain of offices which embraced Chicago, Indianapolis, Columbus, Toledo, Cincinnati, Pittsburgh, Denver, Boston, Philadelphia, New York and other smaller places. Attorneys connected with the case state that the losses do not involve stockholders of companies nor the companies themselves which the partnership promoted.

DEATH OF BERNARD M'KENNA

Former Mayor of Pittsburgh Dies After Long Illness—Heart Trouble the Cause.

Pittsburgh, June 19.—Bernard McKenna, former mayor of Pittsburgh, is dead at his home on Marchand street, East End. He had been gradually sinking for the past three weeks and hope that he would live was given up 10 days ago. Heart trouble, following a general breaking down, was the cause of death.

His health had been failing for a couple of years, and several times during that period he was forced to relinquish his duties as police magistrate at the Central station to take a rest. He was a hard-working official and never remained away from his desk for any length of time, so that the improvement that followed the short rests he took was not permanent.

Bernard McKenna was born on Feb. 6, 1842, in the Fourth ward, Pittsburgh. His father was James McKenna, who 12 years before came to Pittsburgh from the County Tyrone, Ireland.

Automobilists Injured.
Marion, Ind., June 19.—An automobile in which were Drs. F. F. Tuttle and R. I. Morgan, of Van Wert, O., ran into an open bridge near here. They were on the way to Indianapolis to attend the international convention of railway surgeons. The machine fell about 15 feet, striking on a stone arch at the bottom of the excavation. Dr. Morgan suffered a fracture of the left thigh and the knee cap was fractured in five different places. His right leg was broken at the ankle. The attending physician says he will be crippled for life. Dr. Tuttle struck on top of the arch in the ditch, landing on his head. In a semi-conscious condition he wandered for some distance. He will recover.

Explosion at Woolwich Arsenal.
London, June 19.—Fourteen men were killed and 13 injured by an explosion in the lyddite factory at the Woolwich arsenal. Several of the victims were literally blown to pieces. The building was completely wrecked. The roof was blown off and the interior collapsed. The explosion is attributed to the bursting of a shell.

FARMER ASSAULTED A PRINCE

Affair Is Being Investigated by Order of the Korean Minister.

Delaware, O., June 19.—Charles Needham, attorney for the Korean legation at Washington, investigated the recent assault by Joseph Stout, a young farmer, upon Prince Euiwha, son of the emperor of Korea, who is a student at Delaware. Stout has been arrested and is bound over until the next term of court in September. Attorney Needham was informed of the whole affair and its progress by Mayor Clippinger, of Delaware. None of the interested parties will make a statement as to what will be the future action. Prince Euiwha will remain in Delaware until after the trial. The matter is being looked into at the instigation of the Korean minister at Washington.

Railway Company Leases Property.

Columbus, O., June 19.—The stockholders of the Columbus Railway company voted to lease its property, franchises and privileges to the Columbus Railway and Light company, which has been organized with a capital stock of \$5,000,000 to take over the properties of the Columbus Railway company and the Columbus Edison company. The leasing company guarantees dividends on the stock of both companies. The stockholders of the Columbus Edison are expected to ratify the lease of their company later.

Railway Shops Closed.

Sedalia, Mo., June 19.—The Missouri, Kansas and Texas railway shops in this city are closed, throwing 300 men out of employment. A few days ago the blacksmiths' helpers demanded an increase of 2 cents an hour. Later the blacksmiths made demands which were granted, and all the men reported for work. The helpers were promised nothing and refused to go to work. The blacksmiths would not work with green hands and a general shut-down was ordered.

Y. P. C. U. Elect Officers.

Akron, O., June 19.—The annual state convention of the Young People's Christian union of the United Brethren church closed a three-day session. The next convention will be held in Coshocton. The following officers were elected: President, Claude H. Eckart, Akron; vice president, George D. Welmer, Beach City; recording secretary, H. B. Slusser, Akron; corresponding secretary, Mrs. Clara P. Kerach, Montrose; mission superintendent, Rev. J. S. Kendall, Columbus.

JUDGE GLANGY

Of Hornellsville, N. Y., Hands Down an Important Decision.

Judge James H. Clancy of Hornellsville, N. Y., and one of the most prominent members of the bar in that historic town, decided recently that as against Blood and Liver trouble, Dr. David Kennedy's Favorite Remedy was worthy of the highest praise. He says:

"I have used Dr. David Kennedy's Favorite Remedy and strongly recommend it for its good effect in my case for liver trouble and blood disorder. It built me right up and I improved greatly in health."

Geo. H. Tift of 878 River street, Troy, N. Y., suffered from liver trouble and his blood was all out of order and after using "Favorite Remedy," he has this to say:

"For any one suffering from that run-down or tired out feeling, caused by blood or liver trouble, Dr. David Kennedy's Favorite Remedy is the best medicine you can buy. I have used it and I know."

It matters not how sick you are, how long you have suffered, or how many physicians have failed to help you, Dr. David Kennedy's Favorite Remedy will cure you if a cure is possible. It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. SOCIAL EVENTS

TO WED JULY 1

Edwin Firth, Formerly of This City, Will Marry Miss Ollman, of East Palestine.

Cards were received in this city yesterday announcing the marriage on July 1 of Edwin Firth, formerly of this city, and Miss Nellie Ollman, of East Palestine. Mr. Firth is a well known fiddlerman who has been employed in the East Palestine pottery for some time. He is a son of Greenwood Firth, of 209 Second street, and spent his early life in this city. The bride is one of East Palestine's most prominent young society ladies and is well known in this city.

The ceremony will be performed at the bride's home by the pastor of the Methodist Episcopal church of East Palestine.

Birthday Reunion.

Mrs. Sarah Simms, one of the most prominent and respected old residents of the city, was 75 years of age yesterday and was tendered a pleasant surprise. She was invited to dinner at the home of Mr. and Mrs. B. C. Simms, on Broadway, and there found assembled a large gathering, including her children and grandchildren, her brother and other relatives. The afternoon was most pleasantly spent. Mrs. Simms is the widow of the late Basil Simms, and has lived 68 years in East Liverpool, where her father, Jeremiah Webber, was one of the early hotel keepers.

Pleasantly Entertained.

George Wassman's Sunday school class of the Methodist Episcopal church, was entertained last evening by Miss Lena Howard at her pleasant home on Eighth street. The class is composed of young ladies and the entire membership of the class was present. The evening was one long to be remembered by the scholars, and the hostess was pronounced a perfect entertainer. Music and games were indulged in until a late hour.

Ice Cream Social.

An entertainment and ice cream social was held at the home of Mrs. Henry Goodwin, on lower Sixth street, last evening for the benefit of the Junior Epworth league of the Methodist Episcopal church. It had been intended to hold the affair on the spacious lawn, but owing to the inclement weather were compelled to adjourn to the house. A delightful evening was spent.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative gummies, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken, many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while De Witt's Little Early Risers do their work well and easy. Sold by Alvin H. Bulger.

If you want a nice dress suit for from \$10 to \$15, this is the store to see. They are equal to other store suits at \$3 to \$5 more.

MOST CELEBRATED MAN IN THE UNITED STATES

Senator Hanna Referred to in Eulogistic Terms
and Boomed as a Future
President.

CENTENNIAL COMES TO SUCCESSFUL CLOSE

Lisbon, June 19.—(Special).—Lisbon's centennial celebration was concluded last evening with a repetition of the grand vocal and instrumental concert given by a picked chorus of 70 voices and the Grand Army band at the opening of the centennial Tuesday evening. The concert was given in the tent and attracted a large audience, many of the centennial visitors having not yet left town.

All parts of the county were well represented yesterday among the 20,000 strangers in the city and helped to make the celebration the most notable in the history of the county. The people of Lisbon are entitled to great credit for their liberal hospitality and eminently successful management of the affair.

The big tent was crowded for the speaking yesterday afternoon and including those who occupied points of vantage outside the canvas at least 8,000 people heard the addresses. When Senator Hanna and General Anson G. McCook, who were to occupy places on the platform, arrived, they were greeted with hearty applause which continued until they were seated. The president, Colonel S. J. Firestone, called the assemblage to order, after which the Grand Army band rendered a selection and prayer was offered by Rev. Frank Richards, of Zanesville, a former Lisbon man.

After a vocal solo by Mrs. Minnie

Duck, former Congressman Taylor was presented and spoke briefly by way of opening the meeting, referring to the time remembered by the older residents of Lisbon, when Mark Hanna and "Duck" McCook were boys and the best of friends and bitterest of enemies, as boyish fancies go, being commanders-in-chief respectively of the "Sheep Hill" and the "Frog Pond" forces.

Mr. Taylor spoke of his attachment for the good old town of Lisbon which has been the growth of the nearly 30 years of his life that he has spent here.

Colonel Firestone introduced Senator Hanna as "the most distinguished man in America," and the senator, greeted with a storm of applause, could not be heard until he had raised his hand for silence. Mr. Hanna said this celebration had revived many pleasant memories of the associations of his early youth and renewed within him a strong desire to see and know more of old Columbiana county and Center township during the remaining years of his life. He said the feeling that prompts one to return to his childhood home is one of the dearest and best impulses of the heart and is kindred to the love of mother.

During all the years of his separation, he said he has watched with interest the growth and prosperity of

DR. TAYLOR STILL FILLS IT

Since the resolution was passed by the board of public safety last week recommending that council create the office of surgeon to the police and fire departments, the question has been given much consideration and the opinion has been generally reached that the office is already in existence and that it has an incumbent. Dr. A. W. Taylor claims the honor of holding the position and declares that he will continue to serve in that capacity.

City Auditor Davidson investigated the minutes of the meeting at which Dr. Taylor was appointed surgeon and says that according to them he is undoubtedly the holder of the position. If the provisions of the code are adhered to and Dr. Taylor did receive the appointment as alleged, there is little use in worrying over the matter of creating the office. The code distinctly provides that no person in the employ of the city at the time the code became effective can be removed from office without reason.

Dr. Taylor states that he was appointed by council during the year 1896 and that he was presented with a badge which he now wears. It is beautifully engraved and of gold and the inscription, "Dr. W. J. Taylor, Surgeon to the Police and Firemen," adorns it. The doctor is very willing to attend to all of the duties incident to the position and will insist that his rights of holding the job be respected.

CONFERENCE ON NEXT TUESDAY

MANUFACTURERS AND OPERA-
TIVES WILL MEET THEN.

Harmonious Adjustment of the Broth-
erhood Wage Scale
Is Expected.

The conference committees representing the National Brotherhood and the Western Manufacturers' association have arranged to meet next Tuesday to consider the changes in the wage scale authorized by the Wheeling convention. The sessions will be held in the rooms of the Potters' club and will continue from day to day until all the changes asked have been considered.

Each side will be represented by eight members. The national executive board has selected the following to act for the Brotherhood: Secretary Edward Menge, Third Vice President Harry Hales, of Wheeling; Second Vice President William Elder, U. E. Price, John Wood, Thomas Doherty and A. L. McFarland. President Duffy is also a member.

The foregoing information is from the Potters' Herald of today, which concludes its article on the subject by saying: "There can be no doubt but what an early adjustment of the demands presented by the recent convention will be made, as every one is of one mind, that there is no demand made that is not of a justifiable nature, and means a betterment as well as a leveling up of the wage scales as they now exist in some of the departments."

President Joseph G. Lee, of the Western Manufacturers' association, did not complete the list of the manufacturers' association until a late hour this afternoon. He had decided upon the men, but had not secured the consent of all to serve. This was accomplished at a late hour and the following list was announced: Charles W. Franzheim, of the Wheeling Pottery company; W. E. Wells, of the Homer Laughlin China company; Edward Smith, of the Standard; Colonel John N. Taylor, of the K. T. & K.; H. P. Knoblock, of the Dresden; F. A. Sebring, of the Sebring Pottery company; George C. Murphy, of the East Liverpool Pottery company; W. L. Smith, of the D. E. McNicol.

INTEND TO BUILD FIRST CLASS LINE

Congo Street Railway Projectors
Propose to Make
Use of Their Charter.

IT WILL NOT BE SOLD

The company composed of C. A. Smith, W. L. Smith and J. E. McDonald, three of East Liverpool's foremost financiers, to whom the franchise to build and erect an electric street railway over the county road in Hancock county from First street in Chester to Congo, a distance of four miles, makes the statement, with strong emphasis, that it is the intention to accept the franchise, begin the work as soon as possible and have the line completed within the specified time.

The statement coming from these men directly leaves not even a shadow of doubt in the minds of the people as to the construction of the road. They have gained a reputation for veracity and when they make a positive assertion it is a foregone conclusion that they mean to do exactly what they promise. C. A. Smith said this morning that the company is going to build the road and that its patrons will have one of the best lines in the country for their use. When the work is started, and that will be at no distant date, a large force of men will be placed on its construction and it will be pushed to completion as speedily as possible. The roadbed is to be of the best, substantial material obtainable. It will be second to none in the country and the rails will be of the 70 pound T variety, conceded to have no peers. Every accessory to the line will be of the best and it will be a pleasure to the people to patronize it.

Since the county court at New Cumberland granted the franchise to the above named men it has been the recipient of numberless complimentary expressions. The court has had the question under advisement for two years and only conceded the request after careful and conservative consideration. It determined that the people of the county were desirous of having the road built and knew that it would be if C. A. Smith and his associates were given the privilege of building it.

Mr. Smith denies the truth of the report that the company will offer the franchise for sale. He pronounces the statement as being utterly false. He said this morning: "The franchise is not for sale and will not be. We are going to build that road and that before the time limit expires."

Other Cities want the Honor—Plans
for Campaign Work.

From a Staff Correspondent

Columbus, June 19.—The Republican state central committee met at the Neil house, this city, yesterday afternoon and selected officers and members of the executive committee which will have charge of the fall campaign. Hon. I. B. Cameron, of Lisbon, who has already served one term on the committee, was again chosen a member.

Julius Whiting, of Canton, who represents the Eighteenth congressional district on the state central committee, was absent and had a proxy at the meeting in the person of T. Harvey Smith, of Massillon, ex-treasurer of Stark county. Another Eighteenth district man was continued on the committee, John H. Fitch, of Youngstown.

General Charles Dick was chosen chairman; John L. Malloy, secretary; and W. F. Burdell, treasurer. These gentlemen have held these positions for several years. The new committee will get together soon and arrange for the campaign opening and the establishment of headquarters.

THE DRUG LAWS ARE NOT ENFORCED

State Pharmacy Board Calls Attention

Affairs.

Columbus, June 19.—(Special).—The annual report of the state board of pharmacy, filed with the governor, declares that no attempt is made to enforce the law forbidding the general distribution of samples of medicinal preparations, the law regulating the sale of cocaine and the general poison laws. It also reports that the use of narcotic drugs is alarmingly on the increase.

The governor is urgently solicited to recommend in his message to the general assembly that the enforcement of these laws be placed with the board.

June Days.

'Squire Daniel McLane contends that he has reached first place among his contemporaries in the race for the largest number of marriages during the summer. Just prior to his leaving for Lisbon to attend the centennial he married two couples, John Saltsman and Margaret E. Madden, both of Wellsville, and Elmer L. Grier, Pittsburg, and Miss Anna R. Malone, of this city. He states that he is engaged until the 25th of the present month and expects to get so far in the lead of the other justices that they will never be able to catch him.

'Squire H. P. McCarron, however, disputes his senior brother and yet maintains that he is far in the lead. He married another couple yesterday, the groom, George Walker, being from Carnegie and the bride, Miss Katherine Conroy, of this city.

THE SAFETY BOARD HAS NO QUARTERS

Its Members Feel Homeless and
Want Board of Public
Service to Act.

BILLS MUST BE APPROVED

Because they have "no regular place," the members of the board of public safety, at the meeting held last evening, appointed President Grafton and Mr. Dawson, a committee to confer with the board of public service this evening for the purpose of getting its members to provide them suitable quarters. The safety board has determined that it will be necessary for it to hold meetings every night for a few weeks and from past experience, knowing that it can meet in the council chamber only when some one else does not want to occupy it, the members think that they should be provided with a permanent abode. They will be satisfied with any location, but want it private, if possible.

One of the members approves of quarters in the fire station and two of them would not object to meeting in the third story of the city hall if it is made convenient. They would like, however, to have the board of public service erect the proposed addition to the city hall and give them one of the rooms. They realize that they should not be compelled to meet in a room open to the public, owing to the numerous documents of vital importance in their possession. When they get a room, they intend purchasing a substantial safe or desk, for the protection of the papers, etc.

There having been practically no headway made by the committee appointed to draft the rules for the board, it was decided that every member should take a part in the work and it is hoped by so doing the rules will be ready for council's acceptance in a very short time. For the purpose of compiling and drafting them the board will hold a meeting next Tuesday evening and every night thereafter until the work is completed.

Mr. Dawson had a score of rules that he had written to govern the police department and read them to the board. No action was taken on them, and it was recommended that they be laid over for consideration at the next meeting. One of the rules requires a policeman to come within a range of 5 feet 5 inches and 6 feet 4 inches in height.

Mr. Ogilvie had given the resolution passed at a former meeting, asking council to create the office of surgeon for the police and fire departments considerable study, and moved that the resolution be reconsidered. There was a second to the motion and the question was deferred.

A number of bills were brought up for acceptance. A few of them were ordered paid, but when several were introduced without having an O. K. attached, a discussion arose and it was finally decided to order no bills paid unless they are accompanied with an order of one of the members of the board and the signature of the chief of the department to which the bill is sold. Mr. Ogilvie said that he wanted to leave his office with no shadow resting over the board as to the expenditure of money and the only way to bring it about is to have every bill itemized and passed through the channel as outlined above.

The silver wedding anniversary of Mr. and Mrs. James Wright will be celebrated this evening at the home of the couple in the West End.

THE BOND ORDINANCE AND THE CITY TAX LEVY WILL COME UP TONIGHT

It Is Expected That Council Will Dispose Of
Both Matters—Some Cutting
May Be Done.

Council, as was announced exclusively in the News Review on Wednesday, will hold a special meeting this evening. The purpose of the meeting is to pass an ordinance for the issuing of the bonds decided upon several weeks ago. It is also probable that the tax levy will be apportioned at this meeting. That the body will not accept in every particular the recommendations made by the several boards for the amount of money wished to run their respective departments for the fiscal year seems inevitable. The finance committee has found that if the wishes of the boards are granted there will not be sufficient money in several of the funds, especially the general fund, and it is said that the apportionment will be changed accordingly.

Auditor Davidson states that the

money from the county treasurer, expected to be in the hands of the city treasurer not later than today, has not arrived. He can assign no reason and is very anxious that the amount reach the treasurer by tomorrow. Whether or not the salaries of all the city officials can be paid out of the amount when it does arrive is a question that is bothering the auditor and treasurer at the present time. Though it is not accurately known it is thought that at least \$7,500 will be required to pay the city's employees and the auditor is not sure that the amount can be lawfully deducted from the money to be received from Lisbon. It is thought, however, that the matter will be arranged in a manner by which all can receive their salaries up to date. At least a strenuous effort will be made for that end.

HEARD BURGLARS IN THE HOUSE

TERROR IN A VINE STREET HOME
LAST NIGHT.

Thieves Climbed in At a Window, But
Were Frightened
Away.

An attempt was made to rob the house of W. H. Wells on Vine street last night, and though unmistakable evidence was found that the parties

ad been in the house, a careful search failed to locate them and nothing within was disturbed.

Mr. Wells was absent from home, attending a meeting in the lower part of town, and the lady members of the family were terror-stricken when they heard the burglars in the house. Neighbors were called and a search made, but the thieves had evidently been frightened away.

Entrance was gained by means of a window. The footprints were plainly visible on the window sill, and a blind was in their way. This was torn loose from its fastenings at the top. The blind was found lying on the floor, and had every indication of having been jerked away by force. Nothing was missing, and it is likely the thieves were frightened away in the nick of time.

SCOTTY BOWERS' WIFE IS GONE

Invokes Chief Wyman's Aid in Trying
to Find Her—Unsuc-
cessful Hunt.

John "Scotty" Bowers, the well known blacksmith, mourns deeply the departure of his wife. She left him a few days ago and made her home with some shantytown residents until yesterday, when she left the city for Pittsburg. Scotty complained to Chief Wyman last evening that his wife was living with another man in the shantytown district and asked the chief to accompany him to the boat in which he had been informed she was staying.

The chief did as requested, but could not find the deserter. It was learned that she had been in one of the boats and left for Pittsburg yesterday. Bowers stated this morning that he would allow her to come back if she so desires. He also stated that if he ever catches her with another man he will cause at least one death.

Fires Purposely Set.

The firemen have been given a great deal of trouble in the past few days by fires at the dumps on Sheridan avenue and at the west end of Fourth street. Wednesday the department was called out twice to extinguish these blazes, and there have been several other similar calls of late. People in the neighborhood of the dumps say they have been purposely set on fire, the object being to destroy the accumulation of garbage.

WITH THE WORKMEN IN THE CLAY PLANTS

ELECTRICITY FOR BRICKMAKING.

Edward Brock and H. A. Lewis, of Muskegon, Mich., claim to have discovered a method for manufacturing brick from sand and marl by electricity, says the Clay Record. Specimens of the new brick which have been sent to eastern parties have stood severe tests and are said to be tougher and stronger than any material now on the market.

The process of manufacture and the experiments which led up to the discovery as detailed by Mr. Brock are as follows: "In our laboratory we constructed an electric arc with special double terminals, using a high potential alternating current, our own idea, for this purpose. We then took common Lake Michigan sand and mixed it with a certain proportion of marl which is found in great quantities in Newaygo county, and especially in a lake at Fremont.

This mixture we forced through the arc and the enormous electrical current caused it to melt in an instant and flow in liquid form. The liquid was run into moulds prepared for the purpose, and when cold the substance formed a perfect brick for building or paving purposes which cannot, in our opinion, be equaled on the market at the present time. These brick closely resemble glass, but are not in the least brittle, even in extreme changes in temperature. The brick have also been tested severely with all kinds of traffic and weights, but have stood them without being damaged. One test was the laying of the brick along the railroad tracks where the vibration causes all other forms of paving brick to disintegrate."

PEORIA NOTES.

Peoria, Ill., June 19.—Local No. 27 held a very interesting meeting and elected the following officers for the next term: President, Robert Summers; vice president, Lon L. Fash; recording secretary, Walter J. McKeone; financial secretary, Raymond Shively; treasurer, R. Snelson; statistician, M. Fennell; inspector, Fred Green; 1 percent clerk, H. Hobin; inside guard, J. Miller; trustee, Lon L. Fash.

The pottery here is running about the same, the clay hands only working about half time, there still being a shortage of bisque kilnmen. The pottery will work up to the Fourth, where it will shut down to put new boilers in. During this time the boys will camp at Mossville, about ten miles from here.

Brothers Harris and Walt Smith left for Evansville Sunday, they having received word of their brother Chess being hurt. He was wedged in with a freight car at the depot. The platform had to be sawed before they got him out. It is not known here yet how seriously he is hurt.

Alvin Huff, of East Liverpool, is working on the glost and Brother Cullen, of the bisque, has gone on the police force.

Hyron Foutts will spend the holidays at East Liverpool.

ENGLISH POTTERS DEPORTED.

A dispatch from New Castle, Pa. says: United States Immigrant Inspector V. F. Jankowski left here to night (Thursday) for Ellis Island New York, with five English pottery workers he arrested here for violating the alien contract labor laws through coming here from England to work for the New Castle Pottery company. They are William P. Hall, Arthur Jackson, John Ball, Alfred Banks and Joseph Walklate. They were not unwilling to return home, as they said they made higher wages there.

KILNS STARTED.

The new Acme China company at Crooksville, O., has commenced work on its six kilns. The bricklaying is going along rapidly. All of the foundations for the buildings have been completed and the brick work has been started. The plant will probably be turned out of this plant by September or October unless bad weather prevents the progress of the construction.

ANOTHER FISHING PARTY.

Beaver creek is becoming quite a favorite for local anglers and during the summer several parties will camp along its shores. Yesterday Tom and Will Wedgwood, John and Sam Hancock and William Dewey, well known young operatives, established a camp and will spend several days fishing.

AMONG THE WORKMEN.

Thomas Wilson, decorator at the Globe, is visiting relatives in New York state.

The new local recently organized at Moraca by National President Duffy starts off with about 50 members. It is a mixed local and will be known as No. 70.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney is poisoned and blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

MOST CELEBRATED MAN IN THE UNITED STATES

Continued from First Page.

Lisbon and Columbiana county and noticed that the county always responded to duty in war or peace. This, the senator said, was his second visit to Lisbon in 30 years, his previous visit in that time having been made about 10 years ago, and his only regret was that prosperity had eliminated some of the old landmarks that are dear to his memory. In speaking of the growth of the town, he made reference to the depression that followed the failure of the Sany and Beaver canal, "a tremendous undertaking, but not too great for the spirit and enterprise of the people of Lisbon," and how the town recovered from the blow and continued to prosper with a bright future.

He spoke of the sturdy sentiment of right, justice and liberty which animated the pioneers who were the early settlers here and told how these elements, contesting with everything antagonistic to them had produced men who made their influence felt. In conclusion he said it has been a great pleasure for him to stand before an audience from all parts of Columbiana county and as a greeting wished his hearers prosperity and success. He spoke of the proud record achieved by many Lisbon families and of the stimulus it gave to all her sons and daughters to do the duties of life bravely and well.

Gen. McCook was then introduced and gave a brief but interesting address in the nature of reminiscences. Gen. McCook was born in Lisbon and spent his early life here, served with distinction in the civil war, was elected to congress on the Republican ticket, from a Democratic district in New York city, was secretary of the senate many years and served in various other official capacities. In his speech he referred pathetically to the fact that he had come to Lisbon to see the present generation and meet the comrades of his youth, probably for the last time. Among the numerous interesting incidents he related, Gen. McCook told of the reception here of the news of American triumph along the Rio Grande during the Mexican war. The news was carried to Wellsville by boat from Pittsburgh and from Wellsville to the county capital by courier. That night, he said, the band came out and serenaded a number of citizens, among them his father, Dr. John McCook, who responded with a brief speech. He also told of the Polydelphian debating society of New Lisbon, organized among the youths of the village, and of which both he and Senator Hanna were members. This society contributed in the course of time three general officers to the army, two to the navy, several governors of states and territories and

others prominent in the various walks of life.

In conclusion Gen. McCook said that he had known Senator Hanna both as boy and man and said he was "always square" and that he believed there were many of his fellow citizens, notwithstanding the action of the recent Ohio Republican convention, who thought he would be a worthy successor to McKinley. His utterance was loudly cheered. This concluded the speech-making and Senator Hanna and General McCook left on the afternoon train.

The audience that assembled in the tent last evening was thoroughly appreciative of the splendid musical program that was rendered. The Grand Army band was encored again and again. This organization has been one of the best features of the celebration and was heartily appreciated. After the concert the band gave George H. Huston, musical director of the chorus, a pleasant surprise by tendering him a serenade at his home on East Walnut street. Director Reinholdt and his musicians returned to Canton this morning.

Among those in attendance at the centennial was Anson Ewing, of Ft. Worth, Texas, who came 1,500 miles, and John Robinson, a New York city manufacturer, who was formerly secretary of the New Lisbon woolen mills company.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative effects, dyspepsia medicines and pills, little or big, there is in this country. Them Tablets surely to make one feel joyful."

EAST END

IMPROVEMENT WORK HAS BEEN RESUMED

Large Force of Men Started Again This Morning on C. & P. Double Tracking.

Work on the double tracking through the East End was resumed this morning after a suspension of several weeks. Quite a large force of Italian workmen came in this morning on a special car and were soon at work unloading a number of cars of stone, which will be used on the new culverts. The additional track has been laid from the Klondike pottery almost to Mulberry street, but has not been ballasted or leveled up. The work will be taken up at once, as the track is badly needed for switching purposes. The work of widening the culverts at Ralston's crossing and the Klondike pottery is going steadily forward, but the undertaking will not be completed before the end of the summer. These culverts are being made wide enough for three tracks and the stone foundations are almost a marvel in masonry.

CHILDREN'S DAY WILL BE ENJOYED

Little Ones Are Preparing an Excellent Program for Next Sunday Night.

Next Sunday will be given over to the children at the Erie street M. E. church, and the services promise more than usual interest. The children, under the direction of the Sunday school teachers and Rev. G. W. Orcutt and wife, are working diligently to make the observance of the Sabbath set apart for them interesting and instructive to the older members of the congregation.

The program adopted for the exercises is "School Days, Old and New," being appropriate to the bi-centennial of John Wesley, and will illustrate the difference between the school days of then and now. Special music will be another interesting feature of the evening.

At the morning service Rev. Mr. Orcutt will preach a special sermon to the little ones.

WELL CARED FOR

The Occupants of Quarantined House Are Not Suffering from Lack of Attention.

Sanitary Policeman Burgess was a visitor to the Klondike this morning as the emissary of the board of health, to look into the condition of the Stewart family, under the quarantine since the first of the week. He found the stricken ones doing as well as could be expected under the circumstances and all of them have excellent chances of recovery. John Stewart, the head of the family, who was worse yesterday, has shown an improvement.

The family is well provided for and will not suffer in any way from the enforced confinement. No danger is anticipated of the disease being spread in the community.

Worked Upon the Quilt.

Mrs. D. W. McQuiston, of Pennsylvania avenue, entertained the Ladies' Missionary society of the Second United Presbyterian church yesterday afternoon and a most delightful time was enjoyed by all. The ladies were at work on the quilt, which they will present to Rev. H. C. Chambers before his departure for India to become a missionary. Several hours were spent in this way and in the enjoyment of social chat. Elegant refreshments were served.

Bobby Was Captured.

Bobby, the truant parrot, returned to the fire station yesterday afternoon, a prisoner in the hands of a small boy, who had climbed a tree in the orchard along St. George street to capture him. Bobby was glad to get home, but Captain Terrence will take no chances on a repetition of the occurrence and has clipped his wings.

An Enjoyable Social.

The ladies of the Erie street M. E. church spent a most enjoyable evening yesterday at the home of Mrs. Isabella Jones, of Dry Run, who entertained for the Ladies' Aid society. The meeting of the society was a very profitable one and several important matters were discussed. A tempting luncheon was served.

Clark Ramsay is visiting relatives at Clintonville.

BRILLIANT RECORD OF A NEWS-PAPER MAN.

The success which has attended William E. Curtis, the famous correspondent of the Chicago Record-Herald, is rarely attained by newspaper writers. Beginning his career in Chicago in 1872 as reporter he rapidly rose to the position of managing editor. He resigned that position on receiving a government appointment as secretary of the South American commission. Mr. Curtis traveled extensively in Central and South America while in this position, producing several popular volumes as the result of his literary labors. Afterward co-operating with Secretary of State James G. Blaine, Mr. Curtis organized the work of the bureau of American republics, with the result that he was placed in charge of that organization, and at the World's Columbian Exposition he distinguished himself by his labors as the executive head of the Latin-American department. As correspondent of the Chicago Record-Herald Mr. Curtis' travels have carried him into every section of the United States as well as into all quarters of the globe. His China and Japan letters were published in book form; likewise his letters from England, Germany and France, as well as those written during his travels in Mexico and South America.

No newspaper correspondent possesses the facility shown by Mr. Curtis in writing on any of the diversified subjects embraced in his correspondence and making it luminous. Nor is any correspondent followed so closely year after year by the thousands of readers of the Chicago Record-Herald. On his recent trip to the Holy Land Mr. Curtis' letters have been read more closely than ever and his descriptions of that interesting section of the globe as it appears today have been quoted everywhere.

A daily letter from Mr. Curtis appears in the Chicago Record-Herald.

GREAT AMERICAN NOVEL

'Under Mad Anthony's Banner' a New Work of Excellent Character.

A stalwart American novel by a typical American author. If entertainment, stirring action, splendidly drawn characters are what people desire, then there is not an American novel reader but will lose if he overlooks Dr. J. B. Naylor's latest work. Those who have any knowledge of the author through his previous successes, either in the field of prose or poetry, will pick the book up because it bears the name of the Buckeye story teller—in itself a guarantee of readability. The same intensity of interest is shown here that made "The Sign of the Prophet" and "In the Days of St. Clair" so popular; the same thorough preparation and hard study. Dr. Naylor knows his subject down to the minutest detail; few writers have made such a careful study of the early history of the northwest.

When Cincinnati was but a handful of huts and Ohio merely a vague portion of what was known as the Northwest Territory, when all north and west of the Miami river was the Indian's country—unbroken forests that contained hideous dangers for the white man; Hal Borton, English refugee and American pioneer, cast his lot among the few brave enough to dare the constant perils of frontier life along the Ohio—and it is here the story opens. The plot is compatible with its environment in every way and the adventures of Hal as an Indian scout are of breathless interest.

Through all the story is a tender romance pure and wholesome. There are many varied and representative characters introduced, both historical and fictitious.

In all, "Under Mad Anthony's Banner" is one of the best among the stories that have found their setting in this period of the history.

Those who are easily exhausted seem to have no strength, ambition, who feel draggy, tired all the time, will find in Haged's "Cordial of Cod Liver Oil" a bracing, revitalizing tonic that will build vim and vigor promptly. Contains all the good of cod liver without the grease.

ALWAYS CAUSES DISSATISFACTION

The Itinerant Advertising Man Not the One Whom Merchants Should Patronize.

Speaking of the advertising scheme lately worked in this city by strangers, who made a dicker with a local paper to publish their writeups and accepted small amounts where they could not get larger ones, causing much dissatisfaction, the Salem News says:

"The scheme referred to is an old one, and one that never fails to result in dissatisfaction to the advertiser. It is worked by itinerants who have no permanent interests anywhere. They drop into a town and where more than one newspaper is published secure the use of the columns of the one which will best serve their purpose, and with which they can succeed in making the best terms. Then they proceed to victimize both the advertiser and the newspaper. They make false or exaggerated representations to the advertiser, and the newspaper which is made oftentimes an innocent medium of these misrepresentations must suffer along with the advertiser, because the scheme directly affects its everyday business.

"These itinerant advertising schemers have for some time given Salem a wide berth. Two or three years since the Salem merchants formed an agreement to patronize no advertising scheme, not even the program, but to use practically no other medium for advertising than the newspapers, as that was conceded by all as the best and most reliable. Since the formation of the Business association, which embraces nearly all the advertisers of the city, the action referred to has proven so satisfactory that a provision was incorporated in their constitution which prohibits any member from going into any advertising scheme without the approval of the officers of the association. This provision will prove an eminently good one, and will practically cut out of Salem any unworthy advertising scheme. The disposition of the new association will be to use practically no other medium for the general advertising of their business than the local newspapers, whose interests are identical with their own. In this action and tendency they display wisdom; for the advertising done, directly and in a legitimate way, with the home newspaper publisher has stood the test of time, and is universally acknowledged, by the largest and best advertisers, as the sort which invariably brings the best returns."

Crockery vs. Carroll.

SIMPLE WAY TO CURE DYSPEPSIA

"Take a Mi-o-na Tablet After Each Meal," Says Druggist Will Reed.

With Mi-o-na there is no bother of guessing at the dose or using so many spoonfuls or anything of that kind. This valuable remedy for the cure of dyspepsia is in tablet form and is the simplest way to cure the disease.

"Just take one Mi-o-na after each meal," says Druggist Will Reed, "and in a few days you will find digestion improved, health returning, and good, solid flesh added." This remarkable remedy is not a mere digestive; it mingles with the food, and is readily assimilated by the system. It aids digestion and regulates and strengthens the whole digestive tract, so that after its use for a short time healthy and natural action is restored to the stomach and bowels.

Mi-o-na may properly be termed a flesh-forming food, as when it is used every part of the body fills out with solid flesh and all the outlines become beautiful and symmetrical. Mi-o-na is not an ordinary pepsin preparation to simply aid digestion, weakening the organs, but it is a scientific remedy that gives health and strength, firm muscle and pure blood. No one runs the slightest risk in purchasing it, for Druggist Will Reed will give his personal guarantee with every package he sells to refund the money if it does not cure.

The Columbian congress will convene tomorrow to take up the Panama canal treaty. No one can tell as yet how a majority of the members feel as to the treaty. There are two elements working in opposition. The first of these is the transcontinental railways of the United States, who wish the treaty defeated, that the construction of the canal may be postponed indefinitely. They know that it will mean cheaper freight rates to the Pacific coast. The second is the representatives of certain European governments, which do not wish the canal built by the United States, as it would give us greater influence on the isthmus and the countries of South America than we now possess; and we may be certain that plans are already laid for extending the European colonial system to the backward and non-pro-

gressive republics there. But if they succeed with Colombia, they hardly can do so with Nicaragua and Costa Rica; and if we do not build the canal across Panama, we certainly will across Nicaragua.

Wanted—a city building. If all the new boards and city officials should take a notion to hold meetings on the same evening, city hall would not half accommodate them. However, until the administration has succeeded in getting the city out of financial quagmires and establishing a surplus in the treasury it will be necessary to worry along with present quarters.

The ladies of the Civic Improvement League, of Steubenville, are doing good work for that city in encouraging the property holders to beautify their homes and their surroundings and to abolish unsightly objects. There is plenty of work ahead for any similar organization in East Liverpool which has the courage to undertake it.

Over in Pennsylvania they are putting men in jail for using croton oil to preserve milk that is furnished to babies, invalids and families. Jail is too good a place for such men; something humorous with boiling oil in it would be about the proper punishment.

Columbiana county has received a good deal of favorable mention in the newspapers during the past week. Some of the home folks have also learned facts in local history which makes them walk a little more proudly.

The contemplated strike in the anthracite regions has been staved off. Another feather in John Mitchell's cap.

The new administration in Serbia is said to have the favor of Russia. It may prove an embarrassment rather than a help.

The unanimous verdict appears to be that Lisbon covered herself with glory.

East Liverpool is again demonstrating that she can play ball.

HE WILL BE HERE

Colonel Cooper Leases Show Ground Here For a Month.

Colonel Cooper, the king of medicine men, who goes about with ten and twenty dollar gold pieces on his broadcloth clothes for buttons, has leased for one month Brunt's vacant lots and early next week he will begin the erection of a mammoth pavilion where every night he will give a free vaudeville show and grand concert with a large company of high class performers and musicians.

He does this for the purpose of advertising Dr. Cooper's New Discovery, the greatest and best blood purifier the world has ever known. Colonel Cooper's method of advertising is costly, but free. His entertainments are given without money and without price.

Keep a lookout for Cooper! 144-h

Union Contractors.

Following is a list of the contracting firms who have signed the scale of the local union, No. 165, Brotherhood of Painters, Decorators and Paperhangers of America:

FRIENDS AND VISITORS

Attorney W. K. Gaston was in New Cumberland today on legal business. E. D. Wingenroth, a prominent Pittsburg real estate man, visited friends in this city yesterday.

Oliver Adams and wife have returned from a visit of three weeks with relatives at Salineville.

Miss Emma McCausland has returned to her home in Toronto after a visit with friends in this city.

John Birkett left yesterday for Rochester, N. Y., where he attended a reunion of his regiment.

Mr. and Mrs. William Price have departed for Carroll county, where they will visit for some time.

Harry D. Arnold, who has been ill at his home for some time, suffering from typhoid fever, has recovered and is able to be out.

Miss Catherine White left this morning for Mechanistown, where she will be a guest at the home of Mr. and Mrs. A. E. Stevenson.

J. I. Ichenberger and wife are guests at the home of Mr. and Mrs. J. C. Douglass, of West Market street. They reside at Clifton, Pa., and will spend several days in this city.

Mrs. M. K. Zimmerman and little daughter, accompanied by Mrs. John Kelly, have returned to their home in Columbus, after a visit with Mrs. Zimmerman's mother, Mrs. S. E. House, in this city.

William Rinehart, who has been a resident of this city for some time, left this morning for Marietta, where he will start in business. Mr. Rinehart had both his legs so badly mangled in a railway accident at Rochester two years ago that they had to be amputated.

Cured His Mother of Rheumatism.
"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Hubbard, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." Sale by Alvin & Bulger.

Young Bros.' new styles in straw hats came in this week. All the new eastern fads in sennet, Mackinaw and split brads. Price, \$3 and \$3.50.

OBITUARY

John L. Penn.

John L. Penn, a well known young colored man, aged 17 years, died at 4 o'clock this morning at the home of his mother on High street, East End. The funeral arrangements have not been definitely decided upon, but it is probable that Rev. J. H. Mason, of the A. M. E. church, will conduct the services at the home tomorrow afternoon at 2 o'clock. The interment will be made in Riverview cemetery. The young man was taken ill almost two months ago with typhoid fever, which resulted in his death. His mother, Mrs. Lou Dickinson, and several brothers and sisters survive.

PEONAGE SYSTEM IN GEORGIA

Practical Slavery Still Exists—Enforced Servitude for Debt.

Macon, Ga., June 19.—United States Court Judge Emory Speer, in his charge to the federal grand jury, sprung a surprise. He called attention to the fact that it had been charged that a system of peonage had existed in certain parts of the southern districts of Georgia. He quoted from the constitution of Georgia, which says "there shall be no imprisonment for debt," and said that the constitution of the United States provides that neither slavery nor involuntary servitude, except as a punishment for crime whereof the party shall have been duly convicted, shall exist in the United States or any place subject to its jurisdiction.

He called the attention of the jury to a case presented to him where an employee left an employer and engaged with another, and the first employer and others armed themselves, took the employee while at work, tied him, carried him back to his former employer's place, whipped him, forced him to work, and he is now being held practically in servitude. He charged the jury to make diligent inquiry and if it found the statement true it should return an indictment against the guilty parties.

Africander Won Suburban Handicap.

New York, June 19.—For the first time in the score of years of its history the suburban handicap, greatest of American turf events, was won by a 3-year-old, Africander, swift and game son of Star Ruby-Afric Queen, finished first in a splendid field of 15 to 13 of which he was given weight. Charles Dwyer and Simeon Delmel, proprietors of the Hampton stable, in whose colors Africander ran, won \$16,600 in the stake and made a generous present to Little Fuller, the New Orleans graduated jockey, who piloted the horse to a stirring victory. They had also backed the horse at 100 to 1 in the winter betting, driving his odds to 50 to 1. Thirty thousand persons saw the race and few bet on the winner.

Fitzsimmons Announces Engagement.

Chicago, June 19.—Robert Fitzsimmons, the well-known prize fighter, announced that he is engaged to marry Miss Julia Gifford, a singer connected with a theatrical company playing at a local theater. Miss Gifford admitted the engagement, but said there would be no wedding "for a year or so."

Big Attachment Filled.

Boston, June 19.—An attachment for \$50,000.00 was filed in the United States circuit court against the General Electric company by counsel for S. F. Vanechote, of this city, who alleges infringement of a number of inventions. The attachment is filed in connection with a suit for damages entered by counsel for Mr. Van Choate.

SUIT TO QUIET TITLE

To Land in Salem Wanted as a Parochial School Site.

Lisbon, June 19.—(Special.)—Suit was filed here today by Lucinda Cyrus and Arthur C. Yengling, of Salem, against John Spencer, Homer Silver, Albert Kirtland, Frank Brainard and a long list of other heirs of Thomas Spencer, deceased, to quiet the title to lots 633 and 634 in Appraisers' addition to Salem.

The plaintiff, Mrs. Cyrus, alleges that she is the owner and is in actual possession of one lot and Dr. Yengling sets up a like claim about the other. The defendants hold that certain parts of these lots were not conveyed to the plaintiffs, and that the estate of Thomas Spencer was never properly divested of the title. The plaintiffs say none of the defendants have any claim on the premises and that their contentions are unfounded. The land is wanted for a parochial school site.

ARRESTED OFTEN

Harry Clutter in Jail for the Third Time in Three Weeks.

Harry Clutter, of Wellsville, is establishing quite a police record in this city. Two weeks ago he was arrested and fined for being drunk after he had escaped this city from Wellsville, where he had beaten his wife; 10 days ago he was arrested on a charge of stealing \$25 from a friend, and last evening he was taken into custody by Officer Salsberry, who charged him with pointing fire arms and acting in a disorderly manner.

When arraigned this morning he pleaded not guilty and he was remanded to jail. He will be given a hearing this evening.

O. U. A. M. Officers.

At the regular meeting of General George H. Thomas council, O. U. A. M., held last evening, the following officers were elected: Councilor, Burr Wright; vice councilor, J. M. Moore; junior ex-councilor, C. F. Shuler; senior ex-councilor, F. Earl; recording secretary, Pulaski Ferguson; treasurer, B. A. Rigby; inductor, H. Horwell; examiner, H. W. Johnson; inside protector, Thomas Pickal; outside protector, B. A. Rigby; trustees, William Snowden, six months; Burr Wright, 12 months; Harry Horwell, 18 months.

Beatty-Riden.

Rev. J. W. Correll at 8 o'clock last evening pronounced Roy Riden and Miss Bessie Beatty man and wife. The ceremony took place at the home of James Farrish, East Third street, in the presence of a large company. The groom is a well known clayworker at the National and the bride is the sister of Mrs. Farrish. They left today for a western trip of six weeks.

Coming Wedding.

Charles Goodballet and Miss Sadie Wright are to be married at the bride's home in the West End on July 4. The groom is a well known street railway employee and the bride a prominent young lady.

JOHN H. MOORE,

WELLSVILLE

GOOD SAMARITAN ACT

Attempted By a Wellsville Man With Results That Were Unprofitable.

J. P. Arnold, of Wellsville, has learned during the last three or four days that it does not pay to become too intimate with strangers. About a month ago a man giving his name as L. D. Shifford struck this city and obtained a position as brakeman on the C. & P. railroad. Mr. Arnold is also a brakeman on this road.

Arnold was the first man Shifford met, and the latter put up a hard luck story, asking Arnold to go his security for a month's board and lodging. Here was a chance for Arnold to be the good Samaritan and he did not let the opportunity pass. He took Shifford to his boarding place, H. C. Shaffer's restaurant, in the West End, and told the proprietor to board the man for a month. Mr. Shaffer said he would, as he knew Arnold to be square. Shifford was always on hand when it was meal time. When pay day came he went to the pay car, got his money and quit his job. For the month his board bill amounted to \$23.65. After securing his money, it is said, he refused to pay the bill. He has found a new hotel and is paying cash. Mr. Arnold is greatly displeased.

CROWDS WENT TO LISBON

Centennial Attractions Caused Wellsville to Be Almost Deserted.

The streets of Wellsville were literally deserted all day yesterday. In the early morning strings of rigs went flying in the direction of Lisbon, where the occupants enjoyed a day seeing the sights at the centennial.

Most of the city officials took a day off and drove over to see the midway, the big shows and the many other attractions. Before 9 a. m. every livery barn had every rig gone and could have used double the number let for the day. Many were obliged to go by the railroad on account of the insufficiency of rigs.

The sightseers returned home late in the evening, very tired, but reported a fine time.

CELEBRATION OF THE 4TH

Another Mass Meeting to Be Held Tonight to Boom the Project.

Another mass meeting will be held tonight in the city hall to make further plans for a Fourth of July celebration in this city. The soliciting committee, consisting of eight members, will report the amount already collected. Mayor Fogo will act as chairman and is very anxious that there be a large attendance.

Committees on speakers, sports and reception will be appointed. Other business pertaining to the celebration will also be transacted. Several hundred invitations have been sent out and a large crowd is expected.

Supper And Entertainment.

The ladies of the A. M. E. church gave a supper and an entertainment in the city hall last evening. The supper from 4 to 7:30 was one of the very finest. After the feast a program of reading, recitations and music was rendered. Rev. Mr. Upshaw, the hard-working pastor, also addressed the audience. After the last number on the program another light lunch was served. A neat sum was realized which will be added to the church treasury.

Thrown Upon Bricks.

While riding down Third street at a pretty good clip yesterday afternoon John Hydeman was thrown from his horse on a pile of bricks. He was only slightly shaken up. He arose

from the pavement and mounted the horse again and rode off.

Entertained Friends.

Mr. and Mrs. James Armstrong, of lower Front street, entertained about 25 of their friends and neighbors Wednesday evening. Cards, games and dancing were the principal diversions. About 11 o'clock a delicious luncheon was served.

SOUTH SIDE

EXCURSIONIST FELL

FROM ROLLER COASTER

TOOK AN AWFUL PLUNGE AND WAS BADLY HURT.

Peter Hillar, One of the Carnegie Crowd, Was Badly Bruised And Had Arms Broken.

Peter Hillar, one of the excursionists who visited Rock Springs yesterday, was the victim of the second bad accident of the day, and he may die from the effects of his injuries. Hillar, who is a resident of George's Creek, near Carnegie, was riding on the roller coaster at about 4 o'clock in the afternoon when he lost his balance as the car reached the highest point and while it was rounding one of the sharp turns. He pitched headlong to the ground, a distance of fully 40 feet, and that he was not killed outright is nothing short of miraculous. It was his own carelessness that was to blame.

Hillar was lifted from the ground in an unconscious condition and carried to a convenient spot a short distance away, where the doctors who had been summoned were awaited. Drs. Francis R. Harrison and Donahoe responded, and when they arrived advised that the injured man be taken to the office of the latter on Carolina avenue. Here it was discovered that both arms were broken, his body badly bruised and that there might be internal injuries.

Other doctors were called in and the man's injuries attended to. It was impossible to tell at that early time whether or not Hillar had sustained internal injuries. He was made as comfortable as possible until the departure of the excursion train at about 7 o'clock. The man suffered great pain, and while being carried to the physician's office by J. E. Berkhimer and Joseph Turley, of East Liverpool, he begged the men to lay him down, as he was sure he would die before they reached their destination.

MAY LOSE HIS ARM

An Italian Workman at the Mill Badly Cut By a Sheet of Tin.

Mike Constantino, an Italian employed in the dusting department of the Chester tin mill, may lose his left arm as the result of a cut received this morning at 10 o'clock. He was working about the apparatus as usual, and had gone about the work in the ordinary way, but in some manner a sheet of tin became disarranged, and his arm was badly cut.

He was taken to the office of Dr. Donahoe, and assistance in the person of Dr. G. E. Lewis summoned, but the latter was too busy to respond, and a doctor from East Liverpool was sent for. It is not

METCALF'S DEFENSE

Letter to Postmaster General Asks for Suspension of Dismissal Order.

CHARGES MADE AGAINST HEDGES

Allegations Under Investigation by Inspectors—Establishment of Rural Free Delivery Routes Has Been Resumed.

Washington, June 19.—Postmaster General Payne received the following letter from Mr. Metcalf asking a suspension of the order of dismissal until his complete defense may be heard: "I cannot but feel that under ordinary circumstances summary action as has been taken in my case would not have been without giving me a chance to be heard by myself in my own defense. It must be due to the heated, excited and congested condition of affairs in the post-office department that the postmaster general has consented to this summary dismissal of a man who for the best part of his life since attaining manhood has devoted his whole thought and being to the honest discharge of his duties to the government and the best interest of the postal service, in which no stain or suspicion has ever heretofore attached to him."

Government's Interest at Heart.
"Justice to myself, my family and my friends require that I should appeal to the postmaster general to recall this order of summary dismissal, and accord me an opportunity to show that in this matter, as in all others, I was consulting only the best interests of the postoffice money order service in whatever I did concerning the Herman bid, and not my own self-interest, and with no thought of myself or my family, as is made to appear in the charge against me."

"The common sense of justice and the right of defense, which my score of years of faithful public service entitles me to, must impel the postmaster general to grant me this opportunity of demonstrating to him that his action has been hasty and unjust to a faithful public servant, who has devoted his life to the best interests of his government."

"The suspension of your order is respectfully asked until such time as you may hear from me."

Charges Against Charles Hedges.
Superintendent of the city delivery service of the postoffice department, alleging that he has pressed claims before congress, solicited employees in the service to take stock in a mining company and other allegations, are under investigation by the inspectors of the postoffice department. The charges were presented to Postmaster General Payne and referred by him to Fourth Assistant Postmaster General Bristow. The allegations that Mr. Hedges went to the capitol during the last session of congress and urged the passage of a claim then pending was made at that time.

Mr. Hedges was immediately called upon for a statement, which, it is understood, is now on file in the department. Since then other charges have assumed definite shape. Mr. Hedges was an assistant to former General Superintendent August W. Machin, of the free delivery service, now under indictment.

Rural Free Delivery.
The postoffice department has resumed the establishment of rural free delivery routes, which were held up on account of the deficit in the appropriation for that service and a large number of routes will be put into operation on July 1, the beginning of the

new fiscal year. The policy of the department hereafter will be to establish routes as rapidly as possible, consistent with the best interests of the service and economic administration. The rules as to the number of families required to be on the route in order to secure the service, probably will be more strictly adhered to and fewer exceptions made. The rules require that no service shall be established on a route on which there are less than 100 families. Unless exceptions are made for some special reasons routes are to be investigated in the order in which the petitions for them are filed.

To Settle War Claims.
Havana, June 19.—D. M. Massie, representative in Cuba of the Spanish claims commission, will sail Saturday for Washington to confer with the commissioners with a view to extending and expediting the work of securing complete evidence in the claims of American citizens for war damages. The work is making slow progress owing to the difficulties met with. Of 400 claims, testimony has been taken in only 15, and the depositions even in these claims are only complete in two or three cases.

Big Steamship for the Lakes.
Ogdensburg, N. Y., June 19.—The new steel steamship Westmont, built at New Castle-on-Tyne for the Montreal Transportation company to replace the steamship Bannockburn, which foundered on Lake Superior with all on board last fall, passed up the St. Lawrence to the lakes. She has a capacity of 110,000 bushels of grain. She will ply in the export grain trade, Duluth to Kingston transshipping for Montreal.

Decline in Price of Pig Iron.
New York, June 19.—Another decline in the quoted prices for northern pig iron is reported, the average loss being about 50 cents a ton. Prices for southern pig iron were not changed. Northern No. 1 iron is now quoted at an average of \$19.75 per ton, as against \$24.25 last April. A year ago the price was \$19.50.

Labor Leader Dead.
New York, June 19.—Louis J. Kaufman, vice secretary of the American Federation of Labor and a member of several societies, is dead. Mr. Kaufman was also president of the Staats Verband, of New York, an organization which aimed to consolidate into one great association all the smaller German Catholic societies in the state.

ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

COMPANY BANKRUPT

Unsuccessful Ventures Created Dissatisfaction Among the Stockholders.

AFFAIRS IN HANDS OF RECEIVER

Operated Extensively in Oil Wells and Property in Ohio, Pennsylvania and West Virginia—Losses Do Not Involve Stockholders.

Cleveland, June 19.—A voluntary petition in bankruptcy was filed in the United States court by the Adams & Sarber Oil company and Bankruptcy Referee Remington named Charles Zucker as receiver. The assets are placed at \$171,000; liabilities \$231,000. The company operated extensively in oil wells and property in Ohio, West Virginia and Pennsylvania and unsuccessful ventures are said to have created dissatisfaction among the stockholders.

The insolvent concern promoted the Cleveland-Lima Oil company, the Cleveland-Parkersburg Oil company, the Cleveland-Hancock Oil company, the Casa Dollar Oil company, the Trenton Oil and Gas company, the Pittsburg and Parkersburg Oil company, the Chicago and Lima Oil company and a half dozen others. It had an extensive chain of offices which embraced Chicago, Indianapolis, Columbus, Toledo, Cincinnati, Pittsburg, Denver, Boston, Philadelphia, New York and other smaller places. Attorneys connected with the case state that the losses do not involve stockholders of companies nor the companies themselves which the partnership promoted.

DEATH OF BERNARD M'KENNA

Former Mayor of Pittsburg Dies After Long Illness—Heart Trouble the Cause.

Pittsburg, June 19.—Bernard McKenna, former mayor of Pittsburg, is dead at his home on Marchand street, East End. He had been gradually sinking for the past three weeks and hope that he would live was given up 10 days ago. Heart trouble, following a general breaking down, was the cause of death.

His health had been failing for a couple of years, and several times during that period he was forced to relinquish his duties as police magistrate at the Central station to take a rest. He was a hard-working official and never remained away from his desk for any length of time, so that the improvement that followed the short rests he took was not permanent.

Bernard McKenna was born on Feb. 6, 1842, in the Fourth ward, Pittsburg. His father was James McKenna, who 12 years before came to Pittsburg from the County Tyrone, Ireland.

Automobilists Injured.

Marion, Ind., June 19.—An automobile in which were Drs. F. F. Tuttle and R. I. Morgan, of Van Wert, O., ran into an open bridge near here. They were on the way to Indianapolis to attend the international convention of railway surgeons. The machine fell about 15 feet, striking on a stone arch at the bottom of the excavation. Dr. Morgan suffered a fracture of the left thigh and the knee cap was fractured in five different places. His right leg was broken at the ankle. The attending physician says he will be crippled for life. Dr. Tuttle struck on top of the arch in the ditch, landing on his head. In a semi-conscious condition he wandered for some distance. He will recover.

Explosion at Woolwich Arsenal.

London, June 19.—Fourteen men were killed and 13 injured by an explosion in the lyddite factory at the Woolwich arsenal. Several of the victims were literally blown to pieces. The building was completely wrecked. The roof was blown off and the interior collapsed. The explosion is attributed to the bursting of a shell.

FARMER ASSAULTED A PRINCE

Affair Is Being Investigated by Order of the Korean Minister.

Delaware, O., June 19.—Charles Needham, attorney for the Korean legation at Washington, investigated the recent assault by Joseph Stout, a young farmer, upon Prince Euiwha, son of the emperor of Korea, who is a student at Delaware. Stout has been arrested and is bound over until the next term of court in September. Attorney Needham was informed of the whole affair and its progress by Mayor Clippinger, of Delaware. None of the interested parties will make a statement as to what will be the future action. Prince Euiwha will remain in Delaware until after the trial. The matter is being looked into at the instigation of the Korean minister at Washington.

Railway Company Leases Property.

Columbus, O., June 19.—The stockholders of the Columbus Railway company voted to lease its property, franchises and privileges to the Columbus Railway and Light company, which has been organized with a capital stock of \$5,000,000 to take over the properties of the Columbus Edison company and the Columbus Edison company. The leasing company guarantees dividends on the stock of both companies. The stockholders of the Columbus Edison are expected to ratify the lease of their company later.

Railway Shops Closed.

Sedalia, Mo., June 19.—The Missouri, Kansas and Texas railway shops in this city are closed, throwing 300 men out of employment. A few days ago the blacksmiths' helpers demanded an increase of 2 cents an hour. Later the blacksmiths made demands which were granted, and all the men reported for work. The helpers were promised nothing and refused to go to work. The blacksmiths would not work with green hands and a general shut-down was ordered.

Y. P. C. U. Elect Officers.

Akron, O., June 19.—The annual state convention of the Young People's Christian union of the United Brethren church closed a three-days session. The next convention will be held in Coshocton. The following officers were elected: President, Claude H. Eckart, Akron; vice president, George D. Welmer, Beach City; recording secretary, H. B. Shusser, Akron; corresponding secretary, Mrs. Clara P. Kersch, Montrose; mission superintendent, Rev. J. S. Kendall, Columbus.

JUDGE GLANGY

Of Hornellsville, N. Y., Hands Down an Important Decision.

Judge James H. Clancy of Hornellsville, N. Y., and one of the most prominent members of the bar in that historic town, decided recently that as against Blood and Liver trouble, Dr. David Kennedy's Favorite Remedy was worthy of the highest praise. He says:

"I have used Dr. David Kennedy's Favorite Remedy and strongly recommend it for its good effect in my case for liver trouble and blood disorder. It built me right up and I improved greatly in health."

Geo. H. Tift of 878 River street, Troy, N. Y., suffered from liver trouble and his blood was all out of order and after using "Favorite Remedy," he has this to say:

"For any one suffering from that run down or tired out feeling, caused by blood or liver trouble, Dr. David Kennedy's Favorite Remedy is the best medicine you can buy. I have used it and I know."

The one sure cure for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, is Dr. David Kennedy's Favorite Remedy.

It matters not how sick you are, how long you have suffered, or how many physicians have failed to help you, Dr. David Kennedy's Favorite Remedy will cure you if a cure is possible.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial—free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

SOCIAL EVENTS

TO WED JULY 1

Edwin Firth, Formerly of This City, Will Marry Miss Ollman, of East Palestine.

Cards were received in this city yesterday announcing the marriage on July 1 of Edwin Firth, formerly of this city, and Miss Nellie Ollman, of East Palestine. Mr. Firth is a well known jiggerman who has been employed in the East Palestine pottery for some time. He is a son of Greenwood Firth, of 209 Second street, and spent his early life in this city. The bride is one of East Palestine's most prominent young society ladies and is well known in this city.

The ceremony will be performed at the bride's home by the pastor of the Methodist Episcopal church of East Palestine.

Birthday Reunion.

Mrs. Sarah Simms, one of the most prominent and respected old residents of the city, was 75 years of age yesterday and was tendered a pleasant surprise. She was invited to dinner at the home of Mr. and Mrs. B. C. Simms, on Broadway, and there found assembled a large gathering, including her children and grandchildren, her brother and other relatives. The afternoon was most pleasantly spent. Mrs. Simms is the widow of the late Basil Simms, and has lived 68 years in East Liverpool, where her father, Jeremiah Webber, was one of the early hotel keepers.

Pleasantly Entertained.

George Wassman's Sunday school class of the Methodist Episcopal church, was entertained last evening by Miss Lena Howard at her pleasant home on Eighth street. The class is composed of young ladies and the entire membership of the class was present. The evening was one long to be remembered by the scholars, and the hostess was pronounced a perfect entertainer. Music and games were indulged in until a late hour.

Ice Cream Social.

An entertainment and ice cream social was held at the home of Mrs. Henry Goodwin, on lower Sixth street, last evening for the benefit of the Junior Epworth league of the Methodist Episcopal church. It had been intended to hold the affair on the spacious lawn, but owing to the inclement weather were compelled to adjourn to the house. A delightful evening was spent.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken, many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while De Witt's Little Early Risers do their work well and easy. Sold by Alvin H. Bulger.

If you want a nice dress suit for from \$10 to \$15, this is the store to see. They are equal to other store suits at \$3 to \$5 more.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Hearing Postponed—The hearing of the men caught in the saloon of Tal McCain last Sunday afternoon was postponed from this afternoon until tomorrow afternoon.

New Books Here—A large consignment of new books, lately purchased, has arrived at the Carnegie library. The new fiction is ready for circulation and the other new works are being shelved and arranged as fast as possible. Miss Baker is away on her vacation. While absent she will visit a number of libraries, hoping to pick up new ideas.

Epworth League Convention—The committee appointed to look after the transportation of those who are going to attend the Epworth League convention at Salmville on the evening of June 24 reports that there will be ample provisions. It is requested that all intending to go report the fact to their pastor or the president of the league, not later than next Monday evening.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.
